## Fay's Claim On 'Pension' Payment Hit

Kennedy Asserts He Got Money Through Fear, Not 'Loyalty'

By ROBERT E. THOMPSON

WASHINGTON (INS)—Senate rackets probers today challenged convicted extortionist Joey Fay's claim that the Operating Engineers have paid him and his wife more than \$91,000 out of loyalty rather than fear.

Rackets Committee Counsel Robert F. Kennedy said he had talked with three members of Newark, N. J., Local 825 who did not even know the union had paid the former labor boss a \$10,000 a year "pension."

Kennedy also cited a report from New York District Attorney Frank Hogan saying that members of the local acceded to the "pension," plus more than \$71,000 in payments to Mrs. Fay, rather than lost "their lives and livelihood."

Wife Got Money, Auto

Fay, who was paroled from Sing Sing in 1956, agreed with committee investigators that during his nine years in prison Mrs. Fay drew \$67,800 in "salary" and bonuses from the local, and was given a \$3,372 automobile in 1952.

He also conceded that since his release from prison, he has sold 30 automobiles to unions but he emphasized this was done with permission of parole authorities who had stipulated he must stay out of the labor movement.

Fay said he got five per cent on each auto, but did not state how much commission he has made out of the sales to unions.

A former business agent of Local 825 and one-time international vice-president of the Operating Engineers, Fay now is employed as a salesman for an East Orange, N. J., auto dealer.

Kennedy declared: "I don't question that you are in a legitimate business."

Buys Cars From Him

"But the facts show you were sent to prison for extortion . . . that you were criticized for being the rights of union members and unions . . . that while you were in prison, your wife was on the payroll . . . she got bonuses and an auto . . . and since your release, the union has arranged for you to get a retroactive bonus, and now Local 825 goes to you to buy autos."

Fay replied: "The 5,700 (union) men who employed me when I got into trouble have been loyal, because they don't feel I was guilty of that crime . . . they saw fit to continue their loyalty to me."

## Snow Covers North States

By The Associated Press

Normal winter time weather prevailed throughout the nation today with light snow in the Northeast, rains in the Pacific Northwest, light rain in the Gulf Coast and some near zero weather in the Dakotas.

While the mercury sank to around the zero mark in an area from Bismarck, N.D., to Watertown, S.D., temperatures elsewhere were above normal levels for this date.

From the Dakotas (except for the frigid area) southward temperatures rose to the 40s near the Gulf Coast and went up to the 50s westward to the Pacific.

New England still had snow with the nighttime fall ranging from 1 to 2 inches.

## Top Democrats See Play On FDR's Life

NEW YORK (AP)—A large concentration of the nation's leading Democrats gathered last night for an unusual rite—a re-creation of the life of the party's major modern hero, Franklin D. Roosevelt.

The occasion was a preview of the Broadway play "Sunrise at Campobello," starring Ralph Bellamy.

The play, written by former movie executive Dore Schary, deals with Roosevelt's fight against the polio that crippled him in 1921, his decision to stay in politics and his nomination of Al Smith at the 1924 Democratic presidential convention.

Among the new party powers present were Gov. Edmund S.

## U. S. Aid Set For Baghdad Pact Nations

ANKARA, Turkey (AP)—U.S. Secretary of State Dulles reportedly assured the Baghdad Pact allies today the United States will give sympathetic consideration to new financial aid for projects to raise Middle East living standards when present development funds are exhausted.

Senior diplomats attending the conference of Baghdad Pact premier and foreign ministers emphasized, however, that Dulles gave no firm commitment to make any specific grant.

He took this attitude, they said, despite considerable pressure from the four Moslem member nations of the alliance—Turkey, Iraq, Iran and Pakistan.

Foreign Secretary Selwyn Lloyd of Britain—the pact's fifth member and other source of aid—was said to have advised the Middle Eastern countries similarly that Britain will examine with understanding the financial needs of the region when the ground work for a series of specific development projects has been prepared.

Like Dulles, Lloyd also stressed the worldwide nature of his country's commitments which impose strict limits on Britain's capacity to dole out aid.

The United States is not a full member of the pact but belongs to its military, economic and counter-subversive committees. Dulles is attending the conference—which ends tomorrow—as an observer.

## Two Bandits Get \$100,000 In Gems

NEW YORK (AP)—Two fast-working robbers got away with about \$100,000 in jewelry from a Madison avenue jewelry shop just after it opened today. The loot consisted mostly of diamonds.

The men, one wearing a white apron over his clothing, walked into the shop, Kobrin Bros., at 9:10 a.m. They announced the holdup to a part-owner and two employees, grabbed the jewels from a safe, and fled.

The whole job took only two minutes.

BENNET, Neb. (AP)—Six brutal unexplained killings—spaced in threes and discovered in a span of 24 hours—spurred an intensive search today for a 19-year-old youth described as kill crazy and his 15-year-old girl friend.

Armed farmers and law officers from all southeast Nebraska sought Charles Starkweather and Caril Fugate, both of Lincoln, Lancaster County Sheriff Merle Karnopp and Lincoln Police Chief Joe Carroll said Starkweather "is the man we want."

Chief Carroll said, "I just hope he doesn't kill any more. Never in my 27 years on the force have I seen anything to compare with these wanton murders."

## Cold Weekend Weather Seen

BALTIMORE (AP)—Five-day forecast: Temperatures will range from three to five degrees below normal. Moderately cold at the beginning of the period, somewhat colder over the weekend and a little warmer Monday. Possibly some rain or snow in the east Thursday night and Friday, and light snow in the mountains Thursday through Saturday. Rain or snow again about Monday. Precipitation will average one-fourth to one-half inch.

## Wife Slain, Jap Accepts Army Money

SOMAGAHARA, Japan (AP)—A U.S. Army claims officer today delivered 629,395 yen (\$1,748.32) to the husband and six children of the woman William S. Girard shot to death.

Lt. Col. Joseph L. Haefele, Nocona, Tex., added 604 yen (\$1.40) of his own to bring the payment of "consolation money" to a round 630,000 yen. Then he knelt before a Shinto shrine dedicated to the late Mrs. Naka Sakai and knelt again in the mud to put flowers on her grave.

Akikichi Sakai, the husband of the scrap scavenger Girard killed while on guard duty on an Army firing range, said in accepting the money: "I don't want to receive money at the cost of my wife. However, I think to refuse any longer would go against the sympathy of the people so I hereby received this money but I do not thank you for it."

"I will spend it for my children's future including education, clothing and food. Also, I will build a tombstone for my wife."

Girard, 22, was convicted of manslaughter by a Japanese court, given a three-year suspended sentence and sent home to Illinois for discharge. He claimed the killing was a mistake. The court decided he fired on a "childish whim."

## More Power For McElroy Asked By Ike

WASHINGTON (AP)—Greatly increased authority for the secretary of defense reportedly is included in the administration's preliminary planning for Pentagon reorganization.

Authoritative sources said the tentative recommendations would give Secretary McElroy broad new powers to control military spending.

This would be in line with one of the proposals made to the Senate Preparedness Subcommittee by retired Gen. Lucius Clay, long-time adviser and close personal friend of President Eisenhower.

Clay, a member of the Rockefeller study committee which recommended defense reorganization, recently said the secretary now has "practically no control" over money Congress makes available to individual services.

Clay also recommended a single military command, with the chairman of the Joint Chiefs of Staff being given authority to assign roles and missions to the individual services.

There has been criticism in Congress of the dual role of three of the Joint Chiefs, who are responsible for operating individual services while being called upon to do over-all military planning. Only the chairman, who has no vote, is free of direct links and operational responsibilities.

Most New York Fatal Mishaps Due To Drinking

NEW YORK (AP)—Fifty-five per cent of an examined group of drivers who were killed at the wheel or who died within 24 hours of motor vehicle accidents in New York City in 1957 were under the influence of alcohol, the Police Department reports.

Police Commissioner Stephen P. Kennedy said that medical analysis showed that 38 of the 69 victims had alcohol in their systems of from 0.10 to 0.40 per cent.

Under New York State law, 0.10 per cent is relevant evidence and 0.15 per cent is considered prima facie evidence of intoxication.

Chief Carroll said, "I just hope he doesn't kill any more. Never in my 27 years on the force have I seen anything to compare with these wanton murders."

Face Murder Charges

Lancaster County Atty. Elmer Scheele said both Charles, 210 pounds and red haired, and Caril would be charged with first-degree murder.

Four of the victims died with rifle bullets in their heads. Another was shot in the head with a shotgun. The other, a 2-year-old child, apparently died of a fractured skull.

One of the two women slain, a 16-year-old girl, had been subjected to "an unnatural sex attack," Scheele said.

That report led Capt. Dan Casey of the state safety patrol to speculate whether Starkweather might now be traveling alone. He said "Something could have happened to Caril."

William Fugate, father of Caril, said he hoped officers would "get" Starkweather, even at the risk of his daughter's life.

He said he didn't think his daughter was dead but would "come home as soon as she can make a break."

Starkweather was described as an expert marksman by his brother Rodney. Rodney added that Charles always has been a ready and willing fighter and "always shot his game in the head."

Starkweather and the girl have been sought since Monday night when three members of Caril's family were found slain at their home in Lincoln.

Find More Bodies

The teen-age pair had been traced south out of Lincoln. When officers converged on a farm where Starkweather's car was found yesterday they discovered three more bodies.

One victim was August Meyer, 70, bachelor at whose farm Starkweather used to hunt squirrels with his father. The other two, their bodies tossed into a storm cellar at an abandoned school site.

## Ike Uses Helicopter On Trip To Airport

OEATHE, Kan. (AP)—President Eisenhower, forced to skip fog-bound Kansas City, landed at the naval air station here today en route to his brother's funeral.

WASHINGTON (AP)—President Eisenhower flew by helicopter from the White House to National Airport today for his trip to Kansas City, Mo., to attend the funeral of his older brother, Arthur. It was Eisenhower's first use of the new service for such a short hop.

The flight enabled Eisenhower to jump over the heavy early morning traffic between the executive mansion and the airport on the Virginia side of the Potomac River.

Secret Service agents flew ahead in an Army helicopter. Eisenhower was aboard a larger Marine Corps craft.

The flight to the airport took 3½ minutes, and Eisenhower was off for Kansas City at 7:36 a.m. He first used the specially assigned whirlybird last year on an experimental basis in the practice of Civil Defense alert in which top executives were evacuated from Washington.

For the flight to Kansas City the presidential plane Columbine III was piloted by Lt. Col. William W. Thomas. The regular pilot, Lt. Col. William G. Draper, is taking jet training in preparation for the eventual acquisition of a jet transport to replace the Columbine.

Eisenhower planned to attend private funeral services for his elder brother, Arthur, in the early afternoon, then fly back to Washington.

Also accompanying the President was his youngest brother, Milton, president of Johns Hopkins University in Baltimore.

## Final Check By Army To Get Started

Air Force Succeeds In Launching Thor At Cape Canaveral

CAPE CANAVERAL, Fla. (AP)—The zero hour is approaching for the Army's attempt to launch an American earth satellite.

Officially, there is no information on when the Army's Jupiter-C will blast off into space with its 30-pound "moon." There were indications today, however, that the final countdown check of the missile was about to start.

Attention shifted momentarily away from the Jupiter-C yesterday when the Air Force took the stage with a successful firing of its Thor intermediate range ballistic missile.

Thousands See Shot

The spectacular shot on a sunny day was witnessed by thousands of persons in this area. The fiery Thor, with which the Air Force plans to put a satellite into orbit and to hit the moon, was visible for four minutes after its blastoff.

In standard language used to report a successful shot, the Air Force said the Thor "flew its prescribed course and landed in the preselected impact area."

Five of the nine Thors flown from here have performed well. Maj. Gen. Bernard A. Schriever, head of the Air Force Ballistic Missile Division, told a Senate committee recently the Thor will be used as the first stage of a two-stage vehicle being prepared to put up a recoverable satellite by spring.

By addition of a third stage, he said, unmanned reconnaissance of the moon would be possible at what he called a relatively early date.

Air Force Says Thor Gives Top Position

WASHINGTON (INS)—Air Force space experts contended today that a new successful test of the Thor missile justified the service's demands for top position in a full-scale program to reach the Moon.

The 1,500-mile missile rose from the Cape Canaveral, Fla., center yesterday and hit its "pre-selected target" in the Atlantic on its 11th launching and sixth consecutive successful test.

The firing coincided with a prediction by Brig. Gen. Homer A. Boushey, Air Force space chief, that either Russia or the U. S. will have a rocket base on the Moon within 10 years.

Air Force officials contended that in the near future, with enough money and authority, it can beef up the Thor to launch earth satellites and rockets to the Moon as well as the planets Mars and Venus.

It is evident from this and other announcements that the Air Force fears a downgrading in space explorations below the Army, which may launch America's first earth satellite this week.

The question of who is to conduct space explorations is more than just an inter-service problem however. It is a military versus civilian dilemma as well.

ST. LOUIS (AP)—Stan Musial, already the highest-paid baseball player in National League history, signed with the St. Louis Cardinals today and got a raise of around \$20,000 to hike his 1958 salary to nearly \$100,000.

Since 1952 Musial's salary had been the same, \$80,000 a season. The boost made Musial, three times the most valuable player in the National League, the second highest paid player in the game today.

Ted Williams of the Boston Red Sox received \$100,000 last year and will reportedly get \$125,000 in 1958.

Dirksen Hits Reuther Plan As 'Invasion'

WASHINGTON (AP)—Sen. Dirksen (R-Ill.) today described union leader Walter Reuther's profit-sharing plan as "definitely an effort to invade the management field."

"We're going to have to explore that," Dirksen said as Reuther, farh, 55, principal of violence-tor-president of the United Auto Workers, was called before the Senate Antitrust and Monopoly subcommittee for a second day of his home.

Reuther testified that control over industry is not "the remotest part" of labor's goal, but Dirksen said the UAW's profit-sharing plan is an attempt "to dictate the apportionment of profits" by car manufacturers.

If Reuther is not interested in dictating policy, Dirksen asked in an interview, "why come up with a plan like that?"

Under the plan, advanced by the UAW as its chief goal in contract negotiations this spring, the workers would receive 25 per cent of the profits in excess of the first 10 per cent before taxes. Another 25 per cent would be earmarked as a price rebate for car buyers.

To date the Howdy Doodie "smile" contest has resulted in more than 160,000 entries.

Jury Head Asks Boycott Of Crime-ridden Schools

NEW YORK (AP)—The foreman of a special grand jury investigating crime in Brooklyn public schools has suggested that parents have their children boycott schools where crime is prevalent.

Foreman A. George Golden made the suggestion at a jury session yesterday.

At the time, the grand jury had not yet learned that George Golden, 55, principal of violence-tor-ment John Marshall Junior High School in Brooklyn, had plummeted to death from the roof of his home.

Pronounced Suicide The district attorney's office pronounced him a suicide.

County Judge Samuel S. Leibowitz promised to study Golden's proposal, which was made in the form of a question.

"Is there anything in the law that could prevent thousands of mothers and fathers from having their young children boycott the schools until something is done?" Golden asked.

Leibowitz said he will confer with Brooklyn Dist. Atty. Edward S. Silver and report back to the grand jury.

When notified of Golden's death, Golden said the jurors will call in Board of Education officials to find out whether the principal had been under pressure or had been threatened with disciplinary action for reportedly telling the jurors last Thursday that he would like to have a policeman stationed inside his school.

The grand jury and Leibowitz favor stationing a policeman in every school in the city. This suggestion has been turned down by the Board of Education, School Supt. William Jansen and Police Commissioner Stephen P. Kennedy.

Last week a 13-year-old white girl at John Marshall reported she had been raped in the school basement by an unidentified Negro boy.

The rape resulted in Golden's death.

Youth Punches Officer

Last Thursday, two other incidents involving violence were reported at his school.

Patrolman Thomas Fleming, on duty outside the school, was punched by one of six youths he ordered not to loiter around the building. The school's recreation director was assaulted by a youth in the basement of the school.

The John Marshall student body is 45 per cent Negro and 10 per cent Puerto Rican.

The grand jury also heard testimony that teen-aged hoodlums forced an assistant principal to quit one Brooklyn school under fear of harm, while another youth gang took control of a Brooklyn elementary school and attacked a woman teacher.

propositions bill authorizing an advance research agency in the Pentagon. One of the reasons given for striking the Defense Department plan was that there are various proposals as to who should have control of outer space projects and some lawmakers insist on civilian control.

Bouchey insisted that "space is a natural and necessary extension of our present Air Force operations."

He said it is "inevitable" that a rocket launching site will be built on the Moon and claimed this will provide "a retaliation base of unequal advantage."

He said missiles, located on the far side of the Moon which cannot be seen at any time from the earth, could rain "sure and massive destruction" to any point on the earth.

The general pointed out that it would take only one-fifth of the energy to fire a rocket to the Earth from the Moon as would be required for a voyage in the opposite direction.

He added: "With man and his intelligence once established upon the Moon, the possibilities of construction and creation of an artificial environment are virtually unlimited."

Boushey said that he fully supported the statement that "he who controls the moon, controls the Earth."

His suspected companion in the robbery killed himself an hour after the holdup near Rockport, Ind., according to Indiana state police.

Lawrenceville authorities said they seized a man who identified himself as Robert Dane Finton, 32, Gary, Ind., as he rode through Lawrenceville in a taxi.

About an hour after the robbery a man identified by a driver's license as John S. Boyce, 27, Portland, Ore., shot himself as state police tried to stop him from questioning about the theft of between \$500 and \$1,000 from the Evansville store.

Church Group Set To Start Program In Desegregation

BUCK HILL FALLS, Pa. (AP)—Protestant church organizations with a stated membership of 16 million are planning programs in three cities to develop public opinion favorable to desegregation in housing.

The Rev. Dr. Ray Gibbons of New York said yesterday, five denominations plan to raise \$175,000 for the project to be conducted in still undetermined cities.

Dr. Gibbons, director of the Council for Social Action of the Congregational Christian Church, said the cities will fall into three population groups: 10,000-50,000, 100,000-300,000 and a metropolitan center of more than a million population.

All five denominations participating will seek to persuade their members to work for desegregated housing and racially integrated churches, Dr. Gibbons said.

Pledged to work for desegregation in housing, according to Dr. Gibbons, are: the Council on Christian Social Progress of the American Baptist Convention; the Department of Social Welfare of

All three had been shot in the back of the head, Meyer with a shotgun and the other two with a small-caliber weapon.

The other three victims, Carl Fugate's mother Velda Bartlett, 37, her stepfather Marion Bartlett, 57, and their 2-year-old daughter Betty Jean were found dead at the family home Monday night.

At the Meyer farm, officers thought they had cornered Starkweather and Carl Fugate.

When a demand booming out over a police loud-speaker in "come out with your hands up" went unanswered, tear gas shells were lobbed into the farm house.

Then a state trooper kicked in a door of a small wash house and saw Meyer's body.

This discovery spurred the search for Carol King and the Jensen youth, whose families had been searching for them since they failed to return from a ride Monday night.

Ike's Budget Estimates Questioned By Senators

WASHINGTON (AP)—Two senators said today efforts to raise the national debt limit may be made easier by senatorial doubts over the accuracy of President Eisenhower's budget estimates.

Sen. Edward Martin (Pa.), senior Republican on the finance committee, said many senators fear the revenue will be less and spending higher than Eisenhower predicted in his budget message to Congress.

He said Congress may force more spending than the administration has proposed.

Sen. Byrd (D-Va.), the committee chairman, said he would be more confident in the success of his proposal to limit the increase to three billion dollars if members of his committee trusted the budget figures.

The administration has asked, and the House has voted, a five billion dollar increase, to 280 billion dollars, in the debt limit through June 30, 1959.

## Two Roads Units Find Fund Estimates Differ

CHARLESTON (A) — The State Road Commission and the Senate Road Committee found when they came together yesterday that their estimates of revenues available for West-Virginia's road program differed by millions of dollars.

Road Commissioner Patrick C. Graneby told the committee that an additional 39 million dollars would be needed to carry out the program he planned for 1958. He estimated its cost at about 130 million dollars.

But Senate Majority Leader Martin (D-Berkeley), the committee spokesman, suggested that the SRC already had available all the money it needed for roads during the current year.

The difference of opinion hinged on 47 million dollars in federal aid that the state might claim within the next 12 months.

Cov. Underwood said earlier that all of this money could not be taken advantage of immediately without sacrificing primary and secondary road maintenance and other essential work, and, accordingly, asked the Legislature for 37 million dollars in additional revenue.

But a statement prepared for the Senate committee showed that cash and other resources available for 1958 in all road funds would total more than \$131,990,000 — more than the cost of the SRC program.

The committee statement included \$47,483,000, which could be available to the state this year in federal aid, along with \$7,035,000 listed as federal aid hanging over from an unfinished 1957 construction program.

The committee report also showed proposed total commission expenditures for this year of \$131,735,878, with a cash balance of more than \$261,690 in prospect for next Dec. 31.

Road commission spokesmen, on the other hand, said that if additional technical and financial aid is available, they could put into effect a total work program for this year involving the obligation of more than 105 million dollars.

Necessary administrative and other expenses, including service on outstanding bonds, would raise the cost of this year's program to about \$129,900, Graneby said.

The Road Commission estimated its revenues for the year at about 90 million. The only federal money it included was about 26½ million dollars it expects to be reimbursed upon completion of federal aid contracts now under way.

It was on the basis of that revenue approach, as against the proposed total outlay of more than 129 million dollars, that Graneby based his estimate that 39 million more in revenue was needed.

## Wall Street Hears

NEW YORK (INS) — Wall Street hears:

Action of market over next few days as key earnings and dividend news unfolds likely to give good indication of near-term sentiment.

Short-haul airlines such as Capital, Mohawk, Northeast and Allegheny seen getting most benefit from rate increases authorized by CAB.

Oil and gas revenue of Northern Pacific Railroad expected to rise this year near \$8 million from about \$6 million in 1957.

Seiberling Rubber has revised downward its estimate of 1957 earnings to about \$1.75 from \$2.25. Unexpected dip in results of overseas subsidiaries believed cause.

Electronic equipment industry sales this year for aircraft and missile projects may swell to two billion dollars, about 15 per cent higher than 1957.

Walston's Ed Tabell calls attention to finance company stocks yielding five per cent or more, including American Investment Co., Seaboard, Commercial Credit and Pacific Finance.

Market comment—Edson Gould of Arthur Wiesenberger & Co.: "We are inclined to think near-term markets may fare better than most think, but an ultimate decline in stock prices below the October lows still appears probable."

The will of the 93-year-old store executive who died Jan. 20 was probated yesterday. Legacies to his relatives and associates total \$1,055,500, while charities will receive \$380,000.

The entire residue of the estate will go into a private trust to be known as the Aaron Straus and Lillie Straus Foundation, Inc.

The will listed 17 charitable beneficiaries, and set up another \$100,000 fund for distribution at the discretion of the trustees to hospitals in Baltimore not mentioned in the will, with each gift not to exceed \$10,000.

WASHINGTON (INS) — The Soil Conservation Service has made its snow-travel safety tips available to anyone who travels in winter weather.

The 76-page booklet was originally designed for SCS snow survey men who trek through mountain country measuring snow deposits in order to predict next spring's runoff.

Program Presented By Dance Students

Students of the Star Dance Studio presented a program at a recent meeting of the Parent-Teacher Association of John Humbird School.

The program included a tap solo by Dianne Morrissey, a tap duet by Susan Johnson and Vicki Zimmerman, and a toe dance by Linda Sills. A comic ballet was presented by Linda Wolf, and Lawanna Wiebrecht performed a Japanese toe dance. An exhibition waltz also featured.

Police said they found \$59 in bets on 14 horses during a raid on his office.

## OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever—Morris.

## Same Old Spiral

THE REACTION to President Eisenhower's newest appeal to business and labor to halt the wage-price spiral doesn't seem likely to make a very deep dent on the affected parties. Present indications are that major unions whose contracts expire this year plan to seek substantial wage boosts for their membership. And no management voice has been heard to say that if these goals are achieved then business leaders will simply hold the existing line on prices.

SO LONG AS WE are in a business downturn, it must be assumed that management would raise prices with some reluctance. A higher price tag is hardly the way to increase the salability of goods and services in a tightening market. But price advances have become an almost automatic response to wage hikes. And big labor appears to regard wage increases as the answer to recession, to inflation, indeed, to practically everything under the sun. If, in fact, another upward spin turns out to be the economic story of 1958, then those who believe that the wage-price competition has long been a senseless race on a treadmill will be seriously discouraged. As matters stand now, the principals in this competition look to be so heavily committed to its continuance that neither side can nor will break the vicious circle.

IT SEEMS TO have reached the point where the upward movement goes on, at varying pace and with only slight occasional pause, through every kind of economic situation. The only thing that appears to change is the justification offered for these boosts under differing circumstances. The arguments shift to fit the needs of the moment. But it's the same old spiral. The problem isn't likely to be solved while any major bargainer views the upward push as a kind of all-purpose medicine. Yet if that time does not arrive before too long, we may find that the spiral has become an all-embracing economic danger.

## Pot Vs. Kettle

AT CHICAGO President Eisenhower declared that the nation's defense problems ought to be off-limits to politicians in this congressional election year. This is a sentiment that most Americans probably support warmly. Where their security is plainly involved, people want no hocus-pocus of false charge and counter charge. They want both major parties to collaborate in a quest for truth, and where necessary to translate that truth into legislative action. But they must have read with some puzzlement, on the very same morning reports of the President's talk appeared, that White House aide Sherman Adams had blasted the Democrats in a Minneapolis speech for allegedly playing politics with defense. If politics in defense is to be barred, one would guess that you have to make a start by avoiding accusations at the outset that the other fellow already has broken the rules. Evidently Mr. Eisenhower's right-hand man didn't know what his left was doing.

## What's The Answer?

SINCE 1946 the divorce rate in this country has been cut almost in half, according to a sociologist at the University of Southern California. It's down from 4.3 per 1,000 population to 2.3. The figures are striking and they suggest a host of questions that probably cannot be answered short of an exhaustive survey of the problem. Are people choosing their mates more carefully, or are they perhaps learning to adjust their differences more amicably? Could it be that there are outside factors, like the rising cost of maintaining separate households or the loss of community property tax advantages, which are exerting pressure on people to stay together despite their difficulties? It would be ironic if a tax feature designed to ease a married couple's financial burden served in many instances to compound unhappiness in the home. For years many critics of modern life have been moaning about the divorce rate. Now that it seems to be improving markedly, we really ought to find out why. Knowing might contribute a good deal to our happiness.

## Soviet Envoy Says Good Bye To Nixon

WASHINGTON — The Soviet Ambassador paid his official farewell call on Vice President Nixon last Friday by deliberate choice, not because of a White House rebuff. Nixon explained blandly that M. Zorublin had made the switch because he was aware of "the President's heavy schedule."

Last Friday the President had one appointment: the Cabinet at 9 a. m. The day before he had one: to say farewell at 9 a. m. to Sir Percy Spender, Australian Ambassador to the United States, who is also leaving his post shortly. There was no Thursday press conference; the Eisenhowers did entertain that night at dinner for Speaker Rayburn.

IT IS QUITE improbable that these highly representative facts would bring a blush of embarrassment to Zorublin's cheek; if he could be embarrassed he wouldn't be a Communist. He must get credit for lack of hypocrisy; he didn't say he was just calling on an old pal or a social acquaintance.

Instead he said he didn't know Nixon and had arranged the meeting through an intermed-

lary, Rep. Patrick J. Hillings of California. He also disclosed that he discussed substantive matters with Nixon and gave clues to what they were.

The Zorublin visit shows that while the men in Moscow choose to discuss the United States publicly in tattered clichés, their political intelligence, like their science, is perfectly capable of grasping the hard realities of today's world.

THE SOVIET Ambassador should of course know this particular Vice President and be able to form some idea of what makes him tick. Any ambassador here who does not is not getting around enough. His principal job is to discover the sources of power, real and potential, and cultivate them.

Zorublin also seems to be aware that the political dynamism of today's Washington centers on Capitol Hill and that what the White House is attempting is largely a holding operation. It is clear by now that the Russian talent for looking into the future must not be underestimated.

The programs of profound international importance to friend and foe are mutual aid and reciprocal trade. Only a bipartisan

political operation of the most delicate and skillful kind will save them in anything like the form in which they are proposed.

In that operation Nixon must play a key role. The Russians, who like to see American international operations fail, are naturally interested in his capabilities. It is possible Zorublin thought he would do a little probing in this area or even attempt to dull Nixon's zeal by his "peaceful purposes" act.

Significantly, Zorublin's successor here will be Mikhail A. Menshikov, a Soviet expert on trade. It is another signpost pointing to Soviet plans for increased economic penetration of the uncommitted areas of the world.

THE VICE President sought to achieve an air of modesty about the Zorublin visit, which was difficult since he is very naturally elated at any development tending to strengthen him in the area of his greatest weakness as a candidate for President. This is his lack of international experience. He conceded it was his first official farewell from an ambassador.

## Scientists Get Social Rank In Capitol

WASHINGTON — (NEA)—The White House has backed itself into an uncomfortable protocol corner by announcing that it's going to include scientists in one of the formal dinners of the social season.

No scientist as such has ever been given an official social ranking in this town for the purposes of being seated at the table or place in a receiving line.

State Department protocol chief Wiley Buchanan is thinking in terms of putting two scientists somewhere between five-star military officers and U. S. ambassadors.

One suggestion being considered is ranking a scientist according to what he has invented or discovered, which would put Dr. Edward Teller, who came up with the H-bomb somewhere near members of the Supreme Court, for example.

A spokesman for the National Science Foundation says he doesn't know any scientist who

owns a monkey suit to wear to a formal dinner, so it doesn't make any difference what the protocol guys decide.

Another NSF expert says any scientist worth his salt shouldn't take time to go traipsing around to formal affairs with the Russians making so much headway in the labs these days.

AT A CHINESE dinner party the other night the hostess asked Rep. D. S. (Judge) Saund why he wasn't eating very much.

The judge explained that he had just returned from a tour of the Far East where he was continually invited to enormous lavishly prepared Chinese dinners.

"I know you're supposed to be hungry an hour after eating Chinese food," he said. "But I've had so much lately that I'm at least two months ahead."

CABINET Secretary Max Rabb was granted an audience with Emperor Hirohito of Japan on

his recent swing through the Orient.

"How will I know when the interview is over?" Rabb anxiously asked U. S. Ambassador Douglas MacArthur II, as they entered the Imperial Palace.

"Don't worry," said MacArthur, "you'll know."

The emperor and Rabb hit it off pretty well, but at the end of 15 minutes Rabb noticed the court chamberlain gesturing, and immediately thereafter Rabb felt a sharp vibration in his chair. He jumped up to leave thinking he had the signal, but the emperor motioned him to sit down. They talked for another hour.

Leaving the palace, Rabb said to MacArthur, "That electric shock in my chair is a wonderful way to get a caller to leave. We should have that in the White House."

MacArthur laughed. "That was no shock," he said. "That was just a minor earthquake you felt."

## Glancing Sideways

NEW YORK — Back there a few years ago when I used to drive into New York from Long Island around 11 o'clock in the morning, I tuned the radio in on a show out of Chicago called "Welcome Travelers," and this show was under the handy and rever ruffled guidance of a man named Tommy Bartlett.

He was a voice which was pleasant, assured and never at a loss, no matter how goony a traveler might have crept into the proceedings.

Tommy Bartlett came in to see me the other afternoon and he turned out to be a brawny young fellow who looked as though he'd just showered and spruced up after a tough football game and he had a roach of blond hair that stood up like a field of August wheat.

HE WANTED to talk about what he is doing now, which was all right with me. He is hand-running a touring water ski and jumping boat thrill show in 38 out of the 48 states. The show demonstrates, with trained and skilled boys and girls, what fun it is to get on a pair of water skis and glide and bounce across water towed by a boat with an outboard engine hooked onto it.

The nub of the show is that one particular make of outboard motor is used, and as close as I can come to that without having the advertising managers throw their hats at me is to say that this motor bears the same name as a famous and popular automobile among the cars made by Ford, and the show ties in with boat dealers who sell hulls and these engines.

THE SHOW demonstrates that water-skiing is a safe and exhilarating sport, and when it is over rides in boats powered by these engines are given to all comers.

If you think the show doesn't attract attention: four major newspapers sponsor the show when it comes their way and as many as 125,000 persons have lined up at the water's edge for a joyful look.

The show has 14 boys and girls who have learned a lot of dazzling tricks on water-skis, it lasts 90 minutes, it is free and so are the boat rides afterward. Tommy says he hasn't had as much fun in years.

"I DIDN'T come in here to sell you an engine or give you one or show you one," he said. "I didn't even come in here to promote some space. I just wanted to say that boating as such and boating in connection with water-skiing is growing like a prairie fire in the United States and that my primary job is to demonstrate water safety."

## Solons As Dog Robbers

WASHINGTON—A lady Senator for a couple of years wrote a daily syndicated newspaper column. This I resented.

She was muscling into my business, but I never tackled her on this. Never even threatened to get even by becoming a Senator, myself. This probably was just as well.

With all respect to this lady and her ability as a lawyer, she wasn't so hot as a writer. Her copy came out plain dull. She never did get many customers and eventually she gave it up as a bad job.

NOW COMES a worse threat to my livelihood. Practically every member of the House and a large proportion of the Senators have started producing their own private newspaper columns and—drat 'em—they are distributing these screeds to the editors of their states for free. This is unfair competition and I claim the Federal Trade Commission should investigate.

The trouble is, some of these

they asked, "You look as if you're ready to declare war."

"I've been looking forward to seeing this show all week because I was told the main character in it had the same name as mine," the congressman answered. "Well, that Ludwig Teller turned out to be a crook and was shot dead half way through the movie."

YOU'LL NEVER see British

Ambassador Sir Harold Caccia or any other top ranking guest in the middle of a room during a reception or cocktail party. They're always on the outer edges and slowly moving in a clockwise direction to the nearest exit.

That's the technique they use for getting out of a party as quickly and as gracefully as possible so that they have time to get to the next party.

If they allow themselves to get caught in the middle of the room they find themselves trapped by crowds and long-winded story-tellers.

REPUBLICAN Senate Leader William S. Knowland apparently has political ambitions for his offspring, too. "Speaker Sam Rayburn has outlived two generations of Knowlands," says the California senator, "and when one of my sons or grandsons comes to Washington, I'm sure Speaker Sam will still be on the job."

FRIENDS were surprised to see Rep. Ludwig Teller leaving a theater the other night red-faced and angry.

"What's the matter, Ludwig?"

## Reporter's Notebook

NEW YORK—Is the mental age of the average movie fan only 14 years?

This has long been the privately held but rarely spoken view of some members of the motion picture industry.

It isn't shared by David Lean, British director of "The Bridge on the River Kwai," who is an odds-on favorite to win an Oscar this year.

"If we lack a larger adult audience," he remarked quietly, "it merely shows we need to make more adult films."

"When it comes to judging the truth and sincerity of a movie, I have a great respect for the verdict of the audience. That is one of the wonderful things about an audience—it has a mass horse sense."

LEAN, ONCE acclaimed by fellow director John Huston as "the world's best," is a slender, dark-haired artistic genius with

craggy brows and brown eyes that hold an animal intensity.

His quizzical expression and wry way of talking are both reminiscent of the late Mayor Jimmy Walker of New York.

At 49, Lean quit a post in the office of his father, an English accountant, because "I was tired of adding up figures that other people had added before me and still others would add up after me."

He got a job as third assistant director for a film. One of his chores was to serve as "wardrobe mistress." Then, convinced most pictures are made or lost in the cutting room, he became a cutter for several years.

Although at 49, Lean has been 30 years in the industry he has directed only a dozen films.

All his work bears the stamp of patient craftsmanship and he likes to take his time about it. He spent a full year studying and polishing the script for "Bridge on the River Kwai," another six months shooting and cutting it.

LEAN believes Sir Laurence Olivier is the greatest actor alive. But he likes to work with American actors.

"They learn their lines, they get to work on time, and they're keen as mustard about anything they are doing," he remarked.

"It's a long slog—making a picture, and enthusiasm is a wonderful thing to have around. American actors also don't argue about trying a thing in a new way. They like to experiment."

Lean is an admirer of producers Mike Todd and Sam Goldwyn because he feels they are great gamblers.

"The movie world will die if it doesn't have gamblers," he said. "There are no guarantees in it, and if you want to play life safe, you'd better go into another business."

"The big pictures are always big gambles. If you succeed, everyone says, 'Well, how could he miss?' But if you fail, they say, 'After all, what a crazy idea!'"

## George Dixon

## Washington Scene

WASHINGTON—In my time in Washington I have heard some fantastic dinner table conversations. But I would like to offer one that was tossed about by a weirdly-international galaxy at the Korean Embassy the other night as my nomination for the most fantastic of the current season.

The dinner was given by Korean Ambassador, Dr. You Chan Yang, and his exotic wife, Polly, for Australian Ambassador Sir Percy and Lady Spender.

The eerie conversation was precipitated by Burks Summers, well-known industrialist, who had somehow gotten into a discussion of national origins with Gwendolyn Cafritz, intrepid spacewoman. Mr. Summers remarked—rather defiantly, I thought—that he came from Walla Walla, Washington.

MRS. CAFRITZ replied "how chic!" But Lady Munro, wife of New Zealand Ambassador Sir Leslie Munro, said the name "Walla Walla" had always fascinated her. She inquired, in a voice reeking with innocence, if anyone ever went there. Mr. Summers thought this over carefully and replied:

"Well, I was walking down the main street in a drizzling rain one day last fall when I bumped into Dixon here."

"What were you doing there?" demanded Mrs. Ray Henle, wife of the broadcaster, accusingly.

"I didn't know I was in Walla Walla," I replied defensively. "I was with Vice President Nixon on a campaign tour, and he got off the plane, so I got off too."

Mrs. Cafritz sniffed that this was a lame excuse, but Mr. Summers favored her with a glare of home town pride. The Bolivian Ambassador, Senor Don Victor Andrade, declared that he had been in Walla Walla too.

"When I entered high school in my country's capital of La Paz," he recounted, "they made us all begin correspondence with a high school pupil in the United States to help us learn English. My correspondent was a girl in the Walla Walla High School named Louise Pritchard."

"We wrote each other regularly for four years. Twenty-three years after graduating, I went to San Francisco as chief of my country's delegation to the 1945 United Nations Conference. There I was appointed chairman, with the result that my name got into the papers."

"The day the story appeared, I received a telephone call. The caller asked if by any chance I could be the Victor Andrade who had been her high school pen pal. I was so excited I cried:

"Louise—it's me! I'm coming right up to see you!"

"WHAT HAPPENED?" palpitated Sir Percy Spender, an incurable romanticist.

"I met Louise. We had a nice visit, met her husband and four children. That was all."

Everybody looked a little disappointed. But the wife of Marine Corps Commandant General Randolph Mc. Pate broke it up by crying:

"When we were stationed in Shanghai in 1923 the Marines put out a magazine called 'Walla Walla.'"

"Why was it called that?" asked Mr. Summers.

"Because, in Shanghai, 'Walla Walla' means 'chatter chatter,'" replied the head leatherneck's lady. "Isn't that how yours got its name?"

"It did not," declared Mr. Summers.

"The Cayuse Indians wanted a name meaning 'many waters,' but they had no plurals in their language, so they simply named it twice."

## Committee To Study Inventory Tax Effects

BALTIMORE — How has Baltimore's new tax on manufacturing equipment and inventory affected the city economy in its first year?

Mayor Thomas D'Alesandro, beset by criticism of the levy from several volatile quarters, announced last night he will create a committee to get the answer.

He asked Henry P. Irv, president of a savings and loan association, to head the committee, which also includes about eight other leaders in business, industry, education and labor.

"The manufacturers' machinery and inventory tax has been the subject of sharp public dispute and in many instances public misunderstanding," said the mayor.

He said the tax, which is actually a re-imposition of a levy repealed in 1919, "was not recklessly" put back into effect.

"In recent months . . . there has been a concerted effort to create the impression that I and my administration are anti-business and that the business community and the city government are at odds and engaged in a feud," said D'Alesandro, apparently referring to recent local newspaper accounts of businesses leaving the city.

Containing that this "obviously is not true," D'Alesandro said he would ask the committee to study the effects of the tax, "with special reference to the firms which are reported to have left or are preparing to leave Baltimore because of the tax."

## County Board Has Routine Transactions

The Allegany County Board of Commissioners yesterday handled a number of routine matters.

Saul H. Smith of Bowman's Addition asked that Woodward Avenue in Bowman's Addition be ditched and taken into the county road system. He was advised that property owners along the road must petition the county commissioners for inclusion of the road in the county system and must deed the necessary right-of-way to the county.

Earl D. Chaney, administrator of the estate of John Nichols, wrote the county commissioners asking that approximately \$1,105 collected by the county in excess of Nichols' actual expenses while a patient at the County Infirmary and Sylvan Retreat be paid to him as administrator of the estate.

Commissioners C. R. Wilkinson and James Orr, the only ones present yesterday, then approved an order instructing the county auditor to turn over to Chaney any surplus funds of Nichols held by the county.

The commissioners also received a report from the State Roads Commission showing that \$323,989.23 had been spent on the road linking State Route 51 and the Pittsburgh Plate Glass Company plant between July 1 and December 31, 1957.

When the fiscal year began last July 1, there was \$339,261.60 in this fund for the North Branch road improvement. Received since then have been \$112,474.03 in federal aid and \$51,032.98 from the county commissioners.

The \$323,989.23 in expenditures in six months left the road fund \$21,220.62 in debt. However, another \$56,947.83 is anticipated. \$28,600 in federal aid and \$28,347.83 from the county. That will leave a balance of \$35,727.20 still to be spent on the project.

The commissioners also instructed James G. Stevenson, clerk to the commissioners, to write Simon F. Piper of Oldtown to correct a wrong impression Piper has concerning the county dog law. Piper wrote to complain about having to buy licenses for his dogs which he keeps chained.

Piper contended it was unfair to make him buy licenses for his dogs while other people buy licenses and then let their dogs run at large. The commissioners point out that a dog license is not a permit to allow a dog to run at large. It merely gives the owner permission to keep the dog for a year.

## Retired Dairy Farmer Enters Senate Race

ANNAPOLIS — Alden Potter, 73-year-old retired dairy farmer who has never before sought elective office, is the seventh candidate to file formally for Democratic nomination to Maryland's 1958 U. S. Senate seat.

Potter paid his \$290 filing fee at the Secretary of State's office yesterday and said he will run on a platform including opposition to the Supreme Court's ruling on school integration.

He also brought with him several do-it-yourself geometric figures. One, composed of about 20 green and white table tennis balls stuck together with glue, he described as proof that a widely accepted theory on molecular structure is not valid.

Potter is after the senate seat held by Republican J. Glenn Beall, who is seeking renomination. Others still listed as formal candidates for the Democratic nomination are James Bruce, Mayor Thomas D'Alesandro of Baltimore, Andrew J. Easter, Clarence D. Long, George P. Mahoney and Judge Nellie Marie Marshall. Mrs. Marshall, however, has said she will withdraw from the primary and run in the general election as an independent.

## Salisbury Mayor Seeks House Seat

SALISBURY — Rollie W. Hastings, mayor of Salisbury for eight years, announced today he will run for the Maryland House of Delegates.

Hastings, 61, has served three four-year terms on Wicomico County's Democratic State Central Committee. He has served two four-year terms each on the City Council and as mayor.

He is the first to file for one of the four seats to be contested in Wicomico in the May 20 primary. Hastings has been employed with the Pennsylvania Railroad for 46 years. 44 of them as ticket agent at Union Station here.

He also is known as a veteran chess player at Trinity Methodist Church here, and plays carols several days before Christmas.

It merely gives the owner permission to keep the dog for a year.

Josephine McBee of Westernport sent the county commissioners a postcard on which she stated that she was in favor of a bookmobile for Allegany County.

## Salisbury Plans Fluoridation

SALISBURY — City Council has authorized fluoridation of Salisbury's water supply.

In giving the Board of Public Works a go-ahead, council last night approved a final engineering report which recommended the project be put in operation by July 1.

Fluoridation is a method of treating water chemically to reduce tooth decay of persons who use it.

Some \$9,000 is in the current fiscal budget to get the program under way, and it will cost an estimated \$1,700 annually, or 10 cents a person.

## Rocketeers To Stop Use Of Animals

WASHINGTON — The Humane Society of the United States says those two young Maryland rocketeers have promised to stop using animals in their experiments.

The society said yesterday the boys, Paul Thompson and William Neal of Frederick, had written a letter containing the promise. The society, learning that the boys had used a bird in a Jan. 20 test of a do-it-yourself rocket, had advised them this was against Maryland's anti-cruelty laws.

"We see your viewpoint," the boys were quoted, "and recognize the State law against cruelty to animals."

Only about 36,000 farmers, or 5 per cent of Canada's farm population, had enough income in 1955 to pay income tax.

*Toughest automotive tests of all time prove*

# LOW-COST PLYMOUTH LOOKS, RUNS LIKE NEW—AFTER 58,000 MILES

*It's America's biggest automotive value—when you buy it...and when you trade*

Dramatic braking test made before top automotive editors. The Plymouth on the right had just completed a 58,000-mile cross-country run. Other tests included acceleration, ride smoothness, gas economy, handling ease. The 58,000-mile veteran performed like new!

One of the Plymouths above is fresh from the assembly line. The other, a veteran of the toughest test run of all time: 58,000 continuous miles in 58 days. A thousand miles a day through 37 states.

We put both cars through the same exacting tests. Acceleration. Gas economy. Handling ease. Braking efficiency.

The results: the Plymouth that had driven 58,000 miles—the equivalent of 6 years on the road—could hardly be told

from new. Like the new Plymouth, it zoomed from 0 to 40, 40 to 60 in a matter of seconds. In a 40-mph "panic" stop, it halted within 38 inches of the new car. And in the vital area of gas economy, careful tests proved that the 58,000-mile car delivered almost the exact same mileage as the new Plymouth. It rode with a smoothness and handled with an ease that astounded even veteran test drivers... men who had thought they'd seen everything.

What does it all prove? Just this: from the day you buy it, to the day you trade it in, your new Plymouth will take you to wherever you're going... faster, smoother, easier, safer. You get more value now... and you look forward to more dollars when you trade.

Why not see your Plymouth dealer now? He'll give you a fair appraisal of your present car. Then you'll see how easy it is to own America's biggest automotive value.

## Margaret Moulton Bride Of Edward Fratz At Accident

Announcement has been made of the marriage of Miss Margaret Priscilla Moulton to Edward Wayne Fratz, on Sunday, January 12 in Zion Lutheran Church, Accident, Rev. Mr. Dolphus officiated.

The bride is the daughter of Mrs. George A. Moulton, 805 Virginia Avenue, Hagerstown, and the late Mr. Moulton. She is a graduate of Allegany High School and of Memorial Hospital School of Nursing, class of 1937. Until her recent resignation she was employed by the Washington County Hospital, Hagerstown.

Mr. Fratz is the son of Mr. and Mrs. Walter P. Fratz, Accident, and was graduated from Northern High School. After serving three years in the Army, he is associated in business with his father.

Following the ceremony a reception was held at the home of Mr. and Mrs. Charles A. Wilt. The couple will be at home in Oakland after February 1, following their wedding trip to Florida.

Ursuline Academy Alumnae Society will hold a bake sale in the school cafeteria Saturday from 3 until 5 p. m. and again on Sunday after all masses. The proceeds will be applied to the Convent Building Fund. Miss Mary Jo Simpson, chairman, will be at the cafeteria to receive contributions.

## Farm Women Set Date For Observance

April 17 was set as the tentative date for the 20th anniversary celebration and the "Talent Find" program was discussed at the luncheon meeting of the Associated Women of the Allegany County Farm Bureau yesterday at the Lazarus Fountain Room.

The anniversary will be celebrated with a dinner at the North Branch fire hall. Final plans will be made at a meeting March 4.

Mrs. Philip Brode and Mrs. Marshall Porter were appointed co-chairmen for the "Talent Find" contest which will be held before July. Any member of the Farm Bureau or anyone interested in agriculture is eligible to compete. Any talent is acceptable. The county winner will go on to the state contest.

Reporting on the state meeting, it was announced that this year's "Talent Find" for Maryland was won by Vesta Null and David Reifsnider, both of Carroll County. They placed eighth in the national contest in Chicago.

Anyone between 18 and 30, who is interested in competing is asked to call Mrs. Matthews, Mrs. Brode or Mrs. Porter.

Giving her report on the national convention held in Chicago, Mrs. Matthews said "Freedom" was stressed. It was pointed out that "evil is spread by good people doing nothing."

Matthews, Mrs. Charles Harvey, Mrs. Vernon and Mr. Loar attended from here.

In the report of the state meeting, January 9 at the Lord Baltimore Hotel, it was noted that Mrs. Allee Armour announced that eight books of the Freedom Book Shelf were donated to the University of Maryland in memory of the departed of the Associated Women, since it was organized 20 years ago. The history of the Associated Women was given by Mrs. Harry William. Mrs. Haven Smith talked on "Rural Life and Christian Fellowship." Mrs. Porter, Mrs. Roy Shryock and Mrs. Matthews attended.

Others attending the meeting were Mrs. Shryock, Mrs. Robert Heavner, Mrs. Charles Harvey, Mrs. Arch Davis, Mrs. Vernon Loar, Mrs. Mabel White, Mrs. Theodore Stegmaier, Mrs. Floyd Buser, and Mrs. Brode.

The annual oyster feed of the Potomac Edison Employees Association is being held from 11 a. m. until 6 p. m. today at All Ghana Country Club.

## Women's Unit Has Program

The Woman's Society of Christian Service of Centenary Methodist Church, featured a program on "March of Missions in Japan," at the recent meeting at the church. Mrs. Madeline Little presided, and Mrs. Helen White led the program. Mrs. Little read the Scripture lesson and Mrs. White led the Litany.

The early history of Christianity in Japan was read with responses from the group. "Adoration," a Nativity scene, was given by Mrs. Selma Gillum with characters being portrayed by Mrs. Edith Nield, Mrs. Hilda Growden, Mrs. Eleanor Emerick, Mrs. Reta Wilson, Mrs. Margaret Harding, and Mrs. Willetta Heavner.

Mrs. Nield and other members of the group briefed the group on the "Study of Japan." Rev. Emerick also told of his experiences in Japan.

Business discussed included the showing of a quilt at the home of Mrs. Rose Yeargans; a donation of \$5 sent to the Business Girls Lodge; 200 coupons sent in by Mrs. Helen White, and flowers given on special occasions to decorate the church and to the sick and shutins.

Each member is to make a poster portraying a hymn for the March meeting. The program closed with the recital of the Lord's Prayer. After the meeting, attended by 16 members and three visitors, an exhibit on items from Japan, was held.

## Health Department Aided By Sorority

Assistance was given the Allegany County Health Department by members of Iota Epsilon Chapter, Tau Phi Lambda of the Supreme Forest Woodmen Circle, Friday night. The group worked on records of the department.

Attending were Miss Juanita Prime, Mrs. Lillian Hannas, Mrs. Betty Dean, Mrs. Jane Frederick, Mrs. Betty Ann Poland, Mrs. Mary Alice Millholland, Miss Patricia Phillips, Miss Ina Jean Grim, Miss Jacqua Day, Miss Lois Ashenfelter and Miss Janet Ashenfelter, a visitor.

The next meeting will be February 7 at the home of Mrs. Millholland, A Street, LaVale.

# YMCA Officers Returned To Office By Directors

Officers of Central YMCA were re-elected at a meeting last night of the board of directors following the 84th annual dinner program of the local organization.

Dr. J. C. Taylor, member of the National Council of YMCA of Lutherville, was the principal speaker for the occasion.

Returned to office were Ernest B. Treat, president; Dr. William R. Allen, first vice president; Dr. Thomas Lewis, second vice president; Roy W. Eves, treasurer; and Karl W. Bachman, recording secretary.

The officers and new members of the executive committee were named at the board of directors session after results of the election of 12 new directors were announced at the dinner.

Rev. Maurice Robertson, chairman of the nominating committee, read the 1958 election report in which James W. Bishop, William C. Gilchrist, Mrs. Calvin Keiter, Mr. Treat and Mr. Eves were re-elected to the board.

New members of the board are Mrs. E. F. Phillips, Simon Rosenbaum II, William P. Hahn, Dr. W. Ardell Haines, and Howard Buchanan.

Two other nominees were named to the unexpired terms of two members of the board of directors who resigned. Earl Nonnenmann was selected to fill the

unexpired term until 1959 made by the resignation of Charles G. Smith, while Rev. Archie Prevatte was picked to fill the unexpired term of Edward Ewald until 1960.

Filling out the executive committee of the board will be Lynn C. Lashley, H. D. Barber, Mrs. Bishop, and Gilchrist.

Also named at the board meeting was B. U. Smith, general secretary to the local YMCA.

Five other persons who were nominated for election to the board were Edward F. Mullan Sr., Arthur W. German, Ronald J. Screen, Lee J. Silcox and John B. White.

Dr. Taylor, retired superintendent of schools in Baltimore and a past president of the Central Atlantic area of the YMCA of which Cumberland is a member, spoke to the guests assembled at the dinner program of the spiritual need and challenge to the YMCA to extend its service beyond the limits of Cumberland.

The speaker said the "Y" is a world-wide organization in more than 10,000 communities and should not function just on a local level. He stated the need of the world is not just for food and clothing but that it is a spiritual need which can be brought into closer relationship with its many peoples through the YMCA.

Mr. Treat, presiding at the dinner program, introduced the guests and gave his annual report for 1957.

It noted the activities and programs of the local organization throughout the past year, highlighting new phases and partially listing the many users of YMCA facilities.

The local "Y" contributed \$609 to the YMCA World Service through contributions of board members, staff members, dormitory residents, and the sale of candy by members of the Youth Department.

The training program of the Hi-Y and Tri-Hi-Y was outlined and the local delegation's participation in the Youth and Government Model Legislature was noted.

The county delegation to Annapolis for the Model Legislature in March comprised 37 members of local Hi-Y and Tri-Hi-Y groups. Miss Barbara Mann was elected president of the Senate at the three-day session.

In July, the report continued, William Sitter was elected vice president of the National Hi-Y Congress at Miami University, Oxford, Ohio.

The report reviewed the change in the professional staff at the YMCA when Lawrence R. Dehn resigned as program secretary and was replaced by James Fortner.

The report closed stressing the need of building renovations, increased dormitory occupancy and stepped-up programs and membership activities.

Rev. Kenneth Grove made trophy presentations to various ping pong tournament winners. Mr. Treat presented H. D. Barber with the past president's award, and Mr. Smith gave out employee service recognition awards to six persons with a combined total of over 80 years of service.

# Two New Teachers Assigned To Allegany County Schools

Ralph Melvin Scarlett, 228 Teachers College this week. He will succeed William F. Williams, who has taken a leave of absence.

Donald Garlitz, Corrigansville, completed his studies this week at Frostburg State Teachers College and will begin teaching in Allegany County schools next Monday.

Scarlett will teach bookkeeping and commercial law at Allegany High School. He will succeed Mrs. Inez Riggs, who resigned in December. Miss Irene Lapp, a 9, in Pittsburgh with the Steel retired Allegany teacher, has been serving as substitute teacher this month.

Scarlett attended Allegany High School and served two tours in the Marine Corps. The first was from 1946 until 1948 and the second from 1949 until 1952. He studied from 1948 until 1949 at Strayer's Business College and is completing studies at Frostburg State Teachers College this week. He also has had business experience as manager of Acme markets here and in Bedford, Pa.

Garlitz will teach social studies and mathematics at Bruce High School in Westernport. A 1950 graduate of Allegany High School, he served in the Navy from 1951 until 1954. He too is completing the requirements for a B.S. degree at Frostburg State.

# Urge Speedup On Route 36 Improvement

The Mayor and Council of Lonaconing has requested the Board of Commissioners of Allegany County to support a move to have the State Roads Commission move the Barton to Midland portion of the Route 36 construction project up to the present construction period.

The Route 36 work is included in the second phase of the revised SRC 15-year road construction program. County authorities have been informed that the work can be moved up only if the revised plan is approved by the General Assembly at the 30-day session starting February 5.

James G. Stevenson, clerk to the commissioners, was informed that the commissioners will take the matter up with State Senator Charles M. See, the county delegation and representatives of the State Roads Commission.

The battle of Waterloo was said to have been won "on the playing fields of Eton."

# Lions To Formulate Program For Races

The Cumberland Lions Club will formulate plans for the annual sports car racing program at a meeting Sunday, February 9, in Pittsburgh with the Steel City Region of the Sports Car Club of America.

Attending will be William Caracaden, chairman, Robert Moore, Henry Duke, Woodward Pealer and William George.

# Traffic Check Shows Sharp Increase

A traffic check in the City of Cumberland indicates a sharp increase in the number of vehicles using local streets.

The increases range from a low of 18 per cent to a high of 388 per cent, according to Police and Five Commissioner William V. Keegan.

The only spot which showed less traffic in the check made late last summer was Route 40 west at the city line, where the counter showed about 2,000 fewer cars daily than the 8,050 noted during the 1950 traffic survey.

Officials have asked police to make another survey at that point. They suspect that something went wrong with the counter there.

During the 1950 survey, made by the State Roads Commission in cooperation with the city, North Centre Street was carrying a daily traffic load of 3,100 vehicles. Last year's city survey showed 9,013 vehicles, for an increase of 291 per cent.

East Baltimore Street, below the B & O tracks, averaged 3,328 vehicles in 1950 and 10,831 last year, for an increase of 327 per cent.

Wincow Street, at the B & O subway, carried 12,373 vehicles a day last summer, an increase of 226 per cent over 1950's 5,232.

Baltimore Street at the Western Maryland crossing, rose from 15,446 to 17,363, an increase of 12.4 per cent.

The Market Street Bridge was carrying 8,499 vehicles, an increase of 383 per cent.

Traffic on Baltimore Avenue at the city line totaled 5,099, an increase of 18 per cent, and McMillen Highway at the city line 8,266 vehicles, a boost of 45.3 per cent.

Braddock Road traffic was averaging 4,533 vehicles daily, the city survey showed, a boost of 196.8 per cent over the 1,544 indicated in the 1950 count.

# Lower Sales Tax Issue Mistake, Governor Says

ANNAPOLIS — Gov. McKeldin admits he made "an honest mistake" when he called for an easing of Maryland's sales tax burden in his 1950 campaign.

Between his retirement from the governorship and his campaign for the 1959 mayoralty, he said, he will return to his Baltimore law practice with his former partner, M. William Adelson.

Adelson, a Democrat, has been the governor's closest advisor on appointments and other behind-the-scenes matters throughout his seven years in Annapolis. He also tried for re-election eight years ago.

"I have always been willing to repudiate a wrong stand," said the governor when reminded of his 1950 campaign statement. He added he now considers the sales tax "one of the fairest I know."

The governor, only Republican ever elected to two terms in Maryland's Government House and barred by the State Constitution from seeking a third, said the only office he "could be persuaded" to run for within the next two years is mayor of Baltimore.

## Approval Expected For New W. Va. Mine Bill

By HERB LITTLE

CHARLESTON, W. Va. — A 132-page bill to rewrite and modernize West Virginia's outdated coal-mining laws came up for passage in the House today. Approval was expected.

The Senate had passage votes scheduled on two bills affecting West Virginia University.

One would empower WVU to establish and operate self-supporting off-campus graduate centers of science and engineering. The other would authorize the university to collect hospital, clinic, laboratory and other fees at its big new medical center and apply the proceeds to construction and operating costs.

The coal-mining bill was moved up to passage level after traveling a stormy course through amendment stage in the House yesterday.

Safety provisions were not in controversy. All of the argument was over provisions for the make-up of a mine inspectors' examining board and a coal mine safety board of review.

The same provisions were disputed at a public hearing on the bill last week, during which some small producers — mainly the Central West Virginia Coal Assn. They expressed fear that the boards, as proposed, would be dominated by big operators and the United Mine Workers.

Under Mines Committee amendments adopted by the House yesterday, the mine inspectors' examining board would be composed of five members, as follows:

The director of the West Virginia University School of Mines as public representative; two persons "who by reason of previous training and experience may reasonably be said to represent the viewpoint of coal mine operators"; and two persons "who by reason of previous training and experience may reasonably be said to represent the viewpoint of the coal mine workers."

That amendment had the approval of the joint industry committee, representing the West Virginia Coal Assn. and the United Mine Workers, which spent 13 months drafting the agreed bill.

As originally introduced, the bill would have required the two operator representatives on the examining board to have 25 years of experience in the industry, including 10 years of underground work in West Virginia mines. The original version called for two workers representatives each to have at least 20 years of experience.

The committee amendment as to the inspectors' examining board was adopted by a 91-5 vote.

Adoption came after the House had rejected, 59-35, an amendment by Del. England (D-Wyoming). He sought to have the examining board made up as proposed by the Central West Virginia Coal Operators Assn.

The England version called for an examining board on which one of the two operators representatives could not have belonged to the same union — in effect, a requirement for non-union representation.

The House also adopted a Mines Committee amendment expanding the proposed coal mine safety board of review to five members from the three provided in the original bill. Provisions for composition of the safety board of review now are the same as for the mine inspectors' examining board.

Arguing in vain for adoption of England's amendment, Del. Munt-

## Bowman's Addition Man Loses Appeal Case

Emory Robertson, Bowman's Addition, was found guilty yesterday in Circuit Court by Chief Judge George Henderson on a charge of driving while under the influence of alcohol.

Emory, who is the father of 11 children, was one of a number of persons who had filed appeals to Circuit Court. Judge Henderson gave Robertson a suspended sentence of a year in the House of Correction, ordered him to sell his car, use no alcoholic beverages and not to drive a car.

Judge Henderson also convicted Robertson of failure to identify himself after striking a fixed object, but found him not guilty of reckless driving in view of the more serious drunk driving conviction. Robertson had appealed from a decision of Trial Magistrate J. Milton Dick, who fined him a total of \$300 and gave him 120 days in the County Jail in default of the fines and costs.

In another case, Richard Ryan of Franklin, near Westernport, was found guilty by Judge Henderson of disorderly conduct. He was fined \$50 and given six months in the House of Correction, which was suspended on condition that he be of good behavior generally, stop speaking to and molesting his wife and family. Ryan had appealed after Westernport Magistrate Carl W. Shaffer had given him 30 days in County Jail.

Richard Paul Reeves of Westernport was found guilty of disorderly conduct and assault by Judge Henderson, who ordered him committed to the custody of the sheriff pending an investigation. Reeves had appealed when Magistrate Shaffer had sentenced him to 15 days in jail.

In another criminal appeal yesterday, James Harley Bennett of 613 Williams Street pleaded guilty to driving under the influence of alcohol. He was not sentenced. He had appealed when Magistrate Dick had fined him \$150 and gave him six months in the county jail.

### County To Get \$20,375.31 From Liquor Taxes

A check for \$20,375.31 will be received by Allegany County from the office of State Comptroller J. Millard Tawes as its share of the state excise tax on liquor for the quarter which ended December 31, 1957.

The county will have received a total of \$34,543.22 for the six month period which started last July 1. The county gets 50 cents for each of 69,286.43 gallons of liquor delivered to retail dealers in the county.

## Pancake Day Plans Listed At Frostburg

FROSTBURG—Plans for "Pancake Day" were explained to the Frostburg Rotary Club Monday evening by Peter Lukas, who heads the committee promoting the affair. Proceeds will be donated to the library fund which is now being raised in the community.

John Dunkle Jr., president, pointed out that the Rotary Club raised approximately \$1,300 from an auction, \$1,900 had been donated by individuals and raised by other groups and \$500 from the Lions Club for a total of \$3,700, or half of the \$7,500 needed to receive a like gift from an anonymous person.

Michael Heiskell, program chairman, introduced Reford Aldridge who gave a brief talk about the Rotary Magazine, after which a questionnaire was given to each Rotarian, asking him how he would change "The Rotarian" if he were editor. A digest of the answers will be given at later meetings. Aldridge explained. Assisting him in his presentation were Ralph M. Race and Charles Meehan.

Guests present were Leslie Schwindt, Lonaconing and Edward Ewald, William Welch, Max Bastian and John Wilson, all of the Cumberland Club.

Members were informed that the district conference this year will be held at Bedford Springs, April 27-29, with the Rotary International representative being Masakazu Kobayashi of Tokyo, an international director. One of the speakers will be Past International President Herbert J. Taylor, who originated the Rotary "four way test."

Earl Bisher was admitted to membership with the classification of "sanitary engineer." Arthur Taylor delivered the charge to the new member and presented him with his Rotary pin and membership card.

Lukas reported that five girls have entered the contest for "Miss Pancake."

They are Francis Stanton, West Main Street, a junior at Beall High School; Peggy Twigg, Eckhart, also a Beall High junior; Mary Ann Sacco, 129 Bowers Street, a graduate of Beall High School in 1957 and employed by Boettner and Boettner Insurance Company; Mary McKenzie, RD 2, Frostburg, a junior at Beall High School, and Miss Peggy Dom, 102 Armstrong Street, a junior at Beall.

Pancake Day will be held all day February 15 in a location to be announced.

**Dimes March Dance**  
**Friday At Midland**

MIDLAND—A March of Dimes dance will be held Friday from 9 p. m. to midnight in Winbrenner's Tavern at Woodland. The Rhythm Ramblers will provide music.

Proceeds will be turned over to the polio fund campaign. Mrs. Frank Winters is the local chairman.

## Executive Unit Hears Monthly Reports Of UO

PIEDMONT—Reports on December activities of the United Organizations were made at a recent executive committee meeting in the business office of the C&P Telephone Company. Elmer J. Shaver, chairman, presided.

Mrs. Elizabeth Thomas, office manager of the UO, reported that 107 Christmas baskets and toys were distributed to needy families. She also named a number of organizations which made contributions recently. The cost for baskets distributed at Christmas amounted to approximately \$1,200.

The UO business office in the Union building on Main Street in Westernport is open Fridays from 9 a. m. to noon and 1-4 p. m. so applications may be made for assistance. However, Mrs. Thomas visits the office daily.

It was ordered that some one be employed to assemble clothing racks now in the Union building for the storing of clothes.

Shaver appointed William Thompson, a member of the board of directors, as chairman of a nominating committee. The latter will appoint other members of his committee to present a slate of officers at the next meeting, the time and place to be named by Thompson. Nominations will also be made from the floor.

The meeting opened with prayer by Rev. Melvin Washington.

**Scout Event Set**  
Boy Scout troops of Tri-Towns District will hold their first encampment week at Potomac Camp this summer, according to Alton Fortney, vice chairman of Tri-Valley District. They will open camp Sunday, June 22, and close the morning of Saturday, June 28.

Included in the reservation of the Tri-Towns troops and posts are the three troops that camped with them last year, Mt. Lake Park, Fountain and Burlington.

The Board of Review will be held at the camp again this year. Some tests may be started before hand and the outdoor portions completed in camp.

**W. Va. Senate**  
**Head Backs**  
**Three Bills**

CHARLESTON (AP)—The operators license bill and also that to remove the five per cent gross sales tax exemption have been introduced into the West Virginia Senate by President Ralph J. Bean, D-Hardy.

Also introduced by Bean today was a bill to provide, within the next three fiscal years, for a compulsory reappraisal of all non-utility property in each of the state's 55 counties.

That bill, part of a Senate House Democratic program, is expected to provide as much as 25 to 35 million dollars more a year in revenue at the county levels for schools once new tax assessments based on the work become effective.

The bill provides for the appropriation from the state's general revenue of not less than \$1,600,000 annually for each of the next three fiscal years beginning July 1 in order to meet up to 90 per cent of the cost in each county for the reappraisal.

County courts would be required to provide not less than 10 per cent of such costs.

**Frostburg City**  
**Hall Redecorated**

FROSTBURG—The Mayor and Council gave their go ahead early this month to City Clerk William Vogtman to proceed with redecorating city hall and the health room.

Workmen painted the health room, furniture was rearranged and repainted in City Hall and a new floor covering was installed on both floors.

All work is now nearly completed with the exception of the chairs for City Hall. Discussion is underway as to whether the old theatre-type seats should be re-installed or to purchase new ones.

Vogtman also announced that the Mayor and Council will meet Monday at 7:30 p. m. for their regular meeting. He said no candidates have filed yet for the city election which is only eight weeks away. All candidates must file no later than midnight two weeks prior to the election which will be April 1. The closing date for filing will be midnight, March 17.

## Scout Week Program Set At Piedmont

PIEDMONT—Week long activities have been planned for the observance of Boy Scout Week, February 7-14 inclusive, according to Alton R. Fortney, Luke, vice chairman of Tri-Valley District of Potomac Council, Boy Scouts of America.

The schedule will open with a roller skating party Friday, February 7, from 7 to 10 p. m. at the UO of P armory here for Senior Scouts who will be responsible for the conduct of his or her partner.

Admission will be by presentation of registration cards by Scouts. This will not be a public party, but part of the celebration during Boy Scout Week.

Plans are being made to make February 8 "Civic Day" in several communities. Scouts will be elected to serve for the afternoon as Mayor and Council.

A father-son dinner will be held at 6 p. m. in the recreation room of Trinity Methodist Church.

On Sunday afternoon, February 9, a program will be presented by the Scouts in Piedmont High School auditorium. The theme will be "Onward for God and My Country." Boy and Girl Scouts will gather at the school at 1:30. At 2 p. m. the Scout units will move into the auditorium for the program.

Following the program a reception will be held from 3:30 to 4:50 in the recreation hall of Trinity Church for Boy and Girl Scouts, adults and guests.

"Cub Fun Night" will be held Monday, February 10, in Potomac State College gymnasium at Keyser, from 7:30 to 9. Boys of scouting age, 11 through 13, will participate.

An award will be presented for the best Cub window and the best Scout window in Tri-Valley District. Tri-Towns units desiring to enter the contest should contact Dr. Donald P. Whitworth, Westernport, and give the location of the window.

A choir rehearsal for Explorer Boy Scouts and Senior Girl Scouts, in preparation for the "Scouts Own Program," will be held at Piedmont High School on Saturday, February 1, at 1:30 p. m. Another rehearsal will be held Monday, February 3, at 7 p. m.

**Church Plans**  
**Improvements**

WELLERSBURG—Approval was given for the erection of a wing to the basement of Zion United Church of Christ here at a recent congregational supper meeting. The work is to begin this coming spring.

Present basement facilities of the church are not adequate to take care of the Sunday School enrollment and the various social activities of the church, according to the pastor, Rev. John B. Zinn.

Rev. Zinn has congratulated the congregation on the 100 per cent payment of the appropriation for the year 1957. Annual reports covering the year's activities were heard and approved, as well as the 1958 budget of the church.

The meeting was held in the form of a covered dish social. Rev. Zinn announced that two new pulpit chairs have been purchased and will be dedicated. Last Sunday he dedicated a book of worship bound in ecclesiastical red for use during the sacred liturgy of divine worship each Lord's Day. It is located on the missal stand on the altar and is used by the officiating pastor to conduct the liturgy.

## W. Va. Education Board Given Data On Area Schools

CHARLESTON (AP)—The State Board of Education, which will meet again March 17-18, yesterday heard a report by Dr. Hugo F. Schunhoff, superintendent of the West Virginia Schools for the Deaf and Blind at Romney.

The School for the Blind has 113 youngsters in ages 5 through 20 studying from the kindergarten level through high school. The enrollment is over-capacity.

The School for the Deaf, a separate school except for the joint administrative arrangements, has 221 boys and girls of the same age bracket enrolled in courses through the 10th grade.

Vocational training in three courses—tailoring and pressing, painting and upholstery—also is offered.

Dr. Schunhoff's report was another in a series on progress made since an out-of-state group studied the schools in 1953. The survey, headed by Dr. F. E. Lord, included among its recommendations a revision of the schools' administrative and supervisory structure.

Schunhoff listed this as one of "areas of greatest progress," also including the construction of new dormitories for deaf students and a physical education program.

Among most critical current needs, he listed higher salary scales for instructors and principals in this field, 10 rooms equipped with group hearing aids in the School for the Deaf, additional classrooms and renovation or replacement of the old and condemned administration building.

He said because of limited facilities six or seven five-year-olds, ready for admission to the School for the Blind last fall, are having to wait until the next term. This is unfortunate, he said, in view of the quick learning ability of the kindergarten handicapped and the need for training to begin at the earliest possible age.

Capital improvements now are made under special legislative appropriations, and the state school board requested \$2,523,000 in that category yesterday for salaries, current expenses, repairs, alterations and equipment. Included was \$622,494 for the Schools for the Deaf and Blind, an increase of \$85,994.

**PHS Alumni**  
**To Hold Sale**

PIEDMONT—The Alumni Association of Piedmont High School will hold a bake sale from 9 a. m. to 1 p. m. in the display room of the Potomac Edison Company, Ashfield Street, February 6. Persons desiring to donate food may call Mrs. Delores Rooney, president.

It was also decided at a recent meeting of the Alumni to send letters to all members requesting payment of dues prior to the annual dinner in May.

Additional members were also named to serve on the executive committee of the association. The complete committee includes Horace Richards, Mrs. Carleton Bell, Mrs. Evers Smith, James McHenry, Miss Sandra Chilcote, Miss Nancy Murray, Mrs. James McCutcheon and Mrs. James Nichols.

The next meeting of the Alumni will be held Friday, February 17, at the high school.

# Hyndman Host Tonight To Undeclared LaSalle

## GeatzCagers Whip Valley To Cop 14th Win Of Year

Basketball fans are digging in to the superlatives these days in discussing the classy LaSalle High Explorers who last night racked up their 14th straight victory at the expense of Valley's Black Knights at Lonaconing.

Some of LaSalle's more avid followers are calling the unbeaten Explorers the best team ever to come out of the city, while others are adopting a "wait-and-see" policy.

A lot could happen before the Explorers complete the last eight games on their regular schedule, but as of now George Geatz's shooters look like a good bet to compile one of the best records in the history of the school—maybe even the best.

The current club is confronted with a big job if it is to match some of LaSalle's outstanding teams of the past. The 1942 Blue and Gold machine coached by Pat Conway compiled a 21-1 record, the following season under Art Slocum the Explorers won 23 and lost one and Slocum's quint of 1945 showed a 25-1 mark. In fact, there was a four-year period in which LaSalle lost a total of only six games. The 1944 team under Bill Keegan stormed to a 25-3 mark, capping the season by winning the Eastern States Catholic Interscholastic Tournament at Newport, R. I.

LaSalle could go all the way this year and by doing so become the first Cumberland school to go through a basketball season undefeated.

Slocum's '43 team, of which coach Geatz was a member, almost turned the trick, winning its first 23 games but dropping a 39-27 decision to Allegany in the final contest of the season at the SS. Peter and Paul gym, home court of the Explorers.

A team, in addition to being good, also has to get the breaks to achieve a spotless record. Pressure mounts with each game and every opponent points for the top dog. A team with everything to gain and nothing to lose can pull out all of the stops in gunning for an upset.

The present LaSalle cagers have a lot of things in their favor. They're tall, a bunch of good shooters, show a lot of finesse in moving the ball and have a defensive strength. But most of all, they possess balance and a solid bench. Any player is capable of developing a hot hand.

Last night it was Chazz Imes' turn. Imes was simply terrific with his one-hand shooting from either corner. Fans making up the overflow crowd sat and stood in amazement as one Imes shot after another ripped through the webbing without coming close to touching the rim.

Floyd (Sammy) Cozad, veteran radio sportscaster, said he has seen only one performance to compare with Imes' spectacular display of fire works. That was in 1933 when Allegany's Edgar (Ike) Cessna dunked in nine of his famous twisting one-handers. "I remember that one as I charted the shots for Allegany that night," Cozad said.

Although last night's game developed into a personal battle between Imes and Valley's big George Lauder for scoring honors, the Black Knights didn't come close to matching LaSalle's all-around class. Several times during the game, the Explorers whipped the ball around the court like pros. They also outshone the Black Knights by a wide margin defensively.

In fact, Valley fans shudder to think what might have happened hadn't Lauder come through. George, in his third year as a regular and only a junior, came close to being a one-man gang with his great work.

Last night's game was the third "big one" in a row for the Explorers. Last week they walloped Fort Hill and rallied to nose out a determined Allegany.

The chant "On to Newport" grows in intensity with every game and the Explorers could just about cement a bid to the ESCIT by winning tonight at Hyndman. 15 victories being needed for an invitation to the New England "hoopla" festival.

However, if the streak is kept alive in the Pennsylvania town, it will be far from the end of the line for Geatz and Company. Among the remaining games on the LaSalle schedule are return games with such teams as Fort Hill, Allegany and Ridgeley. Nothing would please those three "Greater Cumberland" schools any more than to knock off the area's No. 1 team.

The Explorers undeniably have come a long way in winning their first 14 games, but it looks like the real test still lies ahead.

Times Scholar Sports Editor  
Hyndman High gets a crack at the area's only undefeated basketball record tonight when the Hornets are host to LaSalle's all-winning cagers on the Penny court. The clash is the second between the clubs, LaSalle having won the opener on the SS. Peter and Paul court, 78-43, with a terrific second-half shooting exhibition.

Coach George Geatz's hoopers had little trouble last night in running their unbeaten ways to 14 this season and 16 over a two-year span by downing Valley of Lonaconing, 55-44, before another standing-room-only crowd at Detmold.

Imes, Lauder Star  
Almost unbelievable shooting by forward Charles "Chazz" Imes had fans buzzing throughout the contest with the LaSalle forward winding up with his best night by slamming in 29 points. Imes, though, did not overshadow completely a standout performance by Valley's George Lauder whose brilliant play helped keep the final score with a spread of but 11 points.

Imes, who was held to four points in LaSalle's narrow escape over Allegany, 40-37, last Friday night, couldn't miss with beautiful one-handers from the corners. He took 21 shots and made 13, nine coming in the first half on 14 attempts. "Chazz" also added three foul tosses in as many tries.

Lauder, who had 25 tallies, did most of his work after the intermission, accounting for 21 of the Knights' counters in the last two periods. Husky George took aim 22 times and came up with 12 buckets for the game.

Again showing a smooth offense and a polished passing attack, the Explorers never trailed in taking a sweep of the two-game set against the Knights. They exhibited an air-tight defense and kept the Valley cagers bottled up most of the evening, something rarely done to the well-drilled charges of coach Johnny Meyers.

But it wasn't Valley's night and it was LaSalle's as the North Centre Streeters continue to take opponent after opponent across in their bid to return to the Eastern States Catholic Interscholastic tourney at Newport, R. I. for the first time since 1946.

Valley became another stepping stone on the road to the New England affair.

Regains Scoring Lead  
Imes, who regained the city scoring lead by ten points over Allegany's Gary Shook (227 to 217), began his bucket bombing successfully on his first try and didn't cool off until he had personally accounted for the initial ten points by the Geatzmen.

And the hustling Explorer forward was equally at home from the right or left corner of the Detmold gym. His first bucket from the left put LaSalle on top, 2-0. After Gordon Green had made a foul toss, Imes moved over to the right and slammed home two in a row to make it 6-1 for the locals.

A long pass from Lauder to Dave Hobbell sliced Imes' lead to 6-3 but it was only momentary as another corner counter made it 8-3. Green, on a drive-in, got that back but Imes doubled the score with his fifth twin-pointer as 2-32 remained and it was 10-5 LaSalle.

Jack Bahen became the first Explorer other than Imes to put his name on the scoring list with a set from the circle but Lauder arched in a beauty from near half-court to keep the Knights in the running. Again Imes came through with a pair from the side, the first from the right and the second, giving him 14 of the Explorers' 15 tallies in the period, swishing in from the left corner. Jerry Llewellyn's goal put the Knights within reach, 16-9, as the quarter finished.

Valley, unable to penetrate LaSalle's defense, got off only 20 attempts in the first half, hitting on seven. The Knights, but for the work of Lauder, were never in the contest after the opening period.

Green's pair of fouls and Hank Winner's tip-in of Lauder's missed bucket pulled the Detmolders within three points, 16-13, but Dick Winfield moved the Explorers in front, 19-13 with a conversion and bucket. Then, Imes worked his way into the corners and again took aim with a pair banging through the hoop and LaSalle built up its edge to ten points, 23-13.

Lauder, whose second-half play bordered on the sensational and his helped avert a complete rout for his mates, gave Valley its 15th point with one of his patented sets from behind the circle. LaSalle's Mike Mackert hooped a penalty pitch and Green finished his scoring for the night with a twin-pointer as the intermission showed LaSalle enjoying a 23-17 lead.

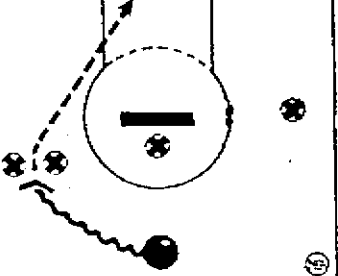

LaSalle Builds Edge  
Things weren't to get any better for the state Class B champs as the second half got underway. Before the halfway mark of the third period, LaSalle had ripped off seven straight counters, winning 23-17.

My favorite is the jump shot from the top of the key.

I try to run my defender into a screen so I can get free and

take the shot without forcing it. In other situations I try to feint my defender out of position by dribbling or changing direction.

If my opponent plays me loose, I take a one-hand which I have tried constantly to improve.

## Colts Figure Defensive Job For Draft Pick

PHILADELPHIA (AP) — The Baltimore Colts officials think Ray Brown, the offensive star of this year's Sugar Bowl game, can break into the team's starting lineup — but on defense.

Brown was the first player picked as the last 26 rounds of the National Football League draft were held yesterday. The Colts obtained first pick through a trade with the Chicago Cardinals.

Brown ran for two touchdowns and passed for another in leading Mississippi to a 39-7 bowl victory over Texas. But Colt officials were more impressed by his three pass interceptions and a tackle that averted a touchdown.

Must Sign First  
The Colts hope the rugged 6-foot-2, 196-pounder can bolster their defensive backfield and also be the No. 3 quarterback behind John Unitas and George Shaw. Of course, they must sign Brown first.

A big, fast Vanderbilt end, Robert Taylor, was the Colts' second selection. The 6-foot-3, 201-pounder runs the 100-yard dash in 9.9 seconds.

John Sample, star of Maryland State's undefeated team last year, was the Colts' selection in the seventh round. He is extremely fast and is considered a possible defensive halfback.

Forrestal Picked  
More than half of the players chosen by the Colts yesterday won't be able to compete in the NFL until at least 1959. Included among them was Tom Forrestal, Navy's fine quarterback, who must serve several years in the Navy after he graduates from the academy in June.

Other selections included: Floyd Peters, San Francisco State guard; John Diehl, Virginia tackle; Harold Bullard, Lenoir Rye (N. C.) back; Ray Schamber, South Dakota back; Bobby Jordan, VMI back; Tommy Addison, South Carolina guard-tackle; Jerry Richardson, Wofford College end; Kenneth Hall, Texas A & M back.

Les Carney, Ohio University back; Arch Matsos, Michigan State guard; James Reese, Minnesota quarterback; Dave Lloyd, Georgia center; John Murnen, Bowling Green (Ohio) guard; James Faulk, Texas Christian back; Robert McKee, Monmouth College end; Bill Parslow, UCLA back.

Bobby Sandlin, Tennessee back; James Roundtree, Florida back; Robert Grimes, Central Michigan tackle; George Dintiman, Lock Haven (Pa.) State Teachers back; James Murphy, East Tennessee State tackle; Douglas Padgett, Gary Lund, Utah State guard.

## Ring 'Doping' Case Probed

NEW ORLEANS (AP) — Two "heart-shaped" pink pills that may have contained narcotics were the focal point of an investigation today involving welterweight Andrew Brown of New Orleans and ranking middleweight Charley Joseph.

Brown, released from state prison seven months ago on parole from an armed robbery sentence, claimed he was doped before his fight Monday night against 10th-ranked welterweight Billy Lynch, Hartford, Conn.

Brown contended Joseph gave him the two pills to ease a pain in his jaw before the fight. Joseph is ranked seventh among middleweights by Ring magazine.

Joseph was present at a Boxing Commission hearing yesterday and vigorously denied he gave the pills to Brown. He also claimed he wasn't in Brown's dressing room.

## Berlin Edges Carolan Club

Carolans' Tavern cagers of the City Rec League dropped an 81-70 decision to the Berlin All-Stars Monday night in the Pennsylvania town.

Ronnie Twigg of Carolans was the game's high scorer with 24 points, nosing out "Slater" Custer of the All-Stars who had 23. Galen McGregor and Paul Reimer each had 14 tallies for the losers, as did Mac McCracken of the Penny quint.

The Tavern tossers lost the services of big Ed Dowd who suffered a back injury in the third quarter. The two teams will meet in a return game in two weeks.

## Campanella May Be Unable To Walk Again For Years

By ED CORRIGAN

GLEN COVE, N. Y. (AP) — Roy Campanella, Los Angeles Dodgers' catcher, lay helplessly paralyzed in a hospital today, his brilliant but injury-scarred career probably finished.

Campanella, three times the Most Valuable Player in the National League, remained in critical condition after suffering a broken neck when the car he was driving skidded, overturned and crashed into a pole in the rain early yesterday.

While physicians termed the four-hour operation which Campanella underwent a success, there seemed little doubt he would never play again.

Expected To Recover  
"It could take anything from two months to years before he even walks again," said Dr. Robert Sengstaken, who headed the seven-man team that performed the operation.

"He won't be able to play before a year, and in my opinion, he would be foolish if he continued playing baseball. But he is not my patient, so I won't advise him."

Dr. Sengstaken said he expected Campanella, 36, to recover, but he said it is possible some paralysis may remain.

He said Campanella suffered a fracture and dislocation of cervical (vertebrae) 5 and 6.

Big Neck Saves Life  
"He is paralyzed from just below the shoulder to the toes," said Dr. Sengstaken. "He cannot push his arms out or grasp, but he can pull his arms in if they are held out for him."

If the fracture had been an inch

## Akins On Top In Ring Rating

NEW YORK (AP) — Virgil Akins today was boosted to the top position in the latest Ring Magazine ratings of the champion-less welterweight division.

The St. Louis veteran was promoted from second to first for his second straight knockout conquest of former welterweight champion Tony DeMarco of Boston. He moved up from second in a change of positions with Isaac Logart, the Cuban contender.

DeMarco was dropped from third to fifth. Vince Martinez advanced from fifth to third while Charley (Tomstone) Smith of Los Angeles vaulted from seventh to fourth.

Spider Webb, the middleweight contender, leaped from sixth to third on his knockout of Rory Calhoun, who dropped from third to sixth.

In the one shuffle in the heavyweight list, Ingemar Johansson, Sweden's undefeated European champion, was ranked tenth. He displaced Tommy (Hurricane) Jackson.

## Warriors, Keyser, Indians Win, Pioneers Halt Pirates

Keyser High, Wardensville and Circleville continued to dog the heels of pacing Piedmont in the Potomac Valley Conference basketball race last night by marking up triumphs while Paw Paw lost ground in the 17-quit race.

The Lions, who were playing out of the league in posting a 67-43 triumph over Beall, lead the loop with a 7-0 record.

Warriors Win Seventh Wardensville notched its seventh win in eight starts with a 65-48 rout of Capon Bridge; Keyser ran over Petersburg, 68-32; Circleville edged Franklin, 50-46; and Romney got by Paw Paw, 61-55.

Billy Orndorff and Bob Brooks led Wardensville with 19 and 13 points with Alan Thorne shoving in 19 for Capon. The Warriors were on top all the way after breaking away to a 13-5 first period margin.

Circleville took over third place by marking up its fourth win in five outings. Charles Teter's 23 points paced the Indians but Cliff Glover was the whole show for the Panthers with 11 goals and seven free throws for 29 tallies.

Banging in 30 fielders, Keyser added to its fifth straight PVC triumph in the lacing of much beaten Petersburg. The Golden Tornado now has won seven and lost two in the circuit. Petersburg has lost eight while being able to salvage only one triumph.

Bill Boor, Gary Keedy and Bob Keller marked up 17, 13 and 10 points for coach John Shelton's cagers. Bill Reynolds led the Vikings with 13 counters.

Maples Scores 34 Points Romney's Bill Maples, boasting the best scoring average in the district, padded his mark last night by hitting the nets for 34 points in pacing the Pioneers' conquest of Paw Paw. Maples poured in 13 goals and eight of nine free throws as the Pioneers scored their sixth PVC triumph in ten attempts.

Ray Largent, also one of the area's top point men, was the big gun for the Pirates with 21 points. Kevin Edmonson pumped in 16.

The setback, third for the Pirates in eight PVC games, was the first for the Pirates since December 20 when they were also beaten by Romney, 63-36.

## Stengel Says Mantle Needs Work Afield

By HOWARD SIGMAND

NEW YORK — (INS) — Casey Stengel, a man of many words and many pennants, wants Mickey Mantle to improve on his slow start to register a sweep in fielding and Frank Lane to improve on his trade offers.

Stengel made a merry-go-round appraisal of his New York Yankees' team yesterday and while at home.

Listing the slugging Mantle as the best of the first half and the best of the second half, Stengel said the Yankees were waging a scoring duel, neglect to criticize his MVP.

Winfield, the top center fielder, rebounder with a dozen swipes, put in his third two-point and balls over his head in straight.

Lauder came through with his second of the period to keep the Explorer edged at 36-22.

With 2:32 left in the quarter, Imes connected again and, when he was fouled by Lauder, his successful conversion gave him 23 counters. That was one more than the Knights had been able to put together as LaSalle was in spots last season. It also happened in the second game of the "Chazz" wasn't finished yet.

World Series. Mantle, who was paid an estimated \$60,000 last year, is seeking a \$75,000 contract in 1958.

The Oklahoma cloutier who batted .365 last season and was designated the American League's Most Valuable Player for the second straight year, had a preliminary salary talk Monday with personnel director Lee MacPhail.

MacPhail said yesterday that no contract was signed but "we aren't far apart and we have another date scheduled in Florida around Feb. 10."

Stengel, who let it be known that almost every position on his club is "wide open," disclosed that Elston Howard will be used exclusively as a catcher and that right-hander Don Larsen was not in the running for the job.

Nartieski Talk Still Alive Much of Stengel's vocal efforts were directed at Lane, the Yankee-needlin' general manager of the Cleveland Indians, even though Casey's jobs were of the indirect variety.

When he was direct, Stengel said the deal for Cleveland's reliever specialist Ray Nartieski was not dead, although it was fading.

"Lane needs a second baseman," Stengel barked, "and he's got to keep on talking."

That's hardly a chore for Lane, who has expressed a desire to make the deal for second base.

Stengel's main problems, according to the perceptor, are additional pinch-hitting strength, additional bullpen aid, and left-handed relief.

But Casey said the left-handed bullpen aid was a battle between rookie of the year Tony Kubek and Norm Siebern, who hit .349 at Denver last year.

## Bobcats Bounce Catamounts On Second-Half Rally, 77-64

It took almost half of the game for the Frostburg State Teachers College cagers to get their well-balanced attack working last night but when they did it resulted in a 77-64 victory over arch-rival Potomac State at Keyser.

Coach Waldon Skinner's hoop-and-sterers had to rally twice from a 31-23 deficit to register a sweep in the series against their West Virginia opponent. The Bobcats, who have won 10 and lost only three, bagged the opener, 91-82.

The Frostburgers were behind Order of Moose against Knights most of the first half and were of Columbus in their 7 o'clock contest on the short end of a 40-37 tally, contest on the Carver court gives the intermission. NEW YORK — (INS) — Nelson Riddle quits his Frank Sinatra ABC-TV show job in April and will simmer down in an NBC-TV major conducting-arranging chore . . .

# Mary Haworth's Mail

Editor's Note: Appeal on behalf of boy, 12, whose father bullies and threatens him.

DEAR MARY HAWORTH: I write in regard to a family of six—father, mother, and four children, ages ranging from 10 to 18. The parents are college graduates, ostensibly Christians; they have a good income; and the man is a deacon in his church. Yet they are a very miserable family.

The father is of a sarcastic, bullying disposition. He is especially caustic to the eldest son, now 18, and always has been. Last year the boy—call him Eric—was sent away to school. He was quartered in an undesirable place and fell into bad company. As a result he committed a crime. The father got him out of this trouble and brought him home to reform him with "love." Since then life has been a nightmare for the boy and the family.

## Man Taunts Son For His Mistakes

Eric is working and paying board at home. He is constantly berated and demeaned, and accused of all the sins and crimes. He is a really Christian boy, trying to live right; but I fear the father is going to drive him away still by a "one-man-show" even if Marguerite Piazza also will be aboard . . .

No other men, though . . .

Six of the top eight TV shows in the latest national ARB survey are Westerns; they line up one-to-eight this way: Gunsmoke, Perry Como, Wells Fargo, Wyatt Earp, I've Got A Secret, Have Gun, Will Travel, Restless Gun, Wagon Train . . .

Hokey for the good guys.

## Approval

(Continued from Page 12)

"Should erase that fear" of big operator and UMW control. He said the delegates "should be brave enough to write into this law something that is impartial."

The House unanimously passed and sent to the governor yesterday a Senate-approved bill to extend the cigarette tax at its present five-cents-a-pack level for another three years. Without action at this session, the tax would have dropped back to four cents next June 30.

Gov. Underwood's signature on the act is assured, since he included the measure in his call for this session and asked for its passage in his address to the lawmakers on opening day.

The cigarette tax bill and a local bill which also received final approval in the House were the first acts sent to the governor at this 30-day session, which is scheduled to end a week from tomorrow.

## Union Board To Meet

A meeting of the executive board of Local 26, United Rubber Workers Union, will be held tomorrow at 7 p.m. in the union hall.

## Course Starts Today

A Red Cross standard first aid course, sponsored by the Bowman's Addition Volunteer Fire Company, will begin today at 7:30 p.m. at the fire hall, with classes scheduled on the next four Wednesday evenings. George Brown will be instructor for the course.

NEW YORK — (INS) — Kennebec Copper reported today lower revenue and reduced earnings for 1957 despite an increase in ore sales. Net income of \$70,222, or \$7.32, compared with \$143,154,210, or \$13.23 in 1956. Revenue of \$467,900,000 was about \$100,000,000 less than previous year as a result of the reduction in copper prices. Total sales of 552,945 tons in 1957 compared with 495,219 tons the previous year.

NEW YORK — (INS) — The Institute of Life Insurance said today life insurance purchases in the U. S. last year amounted to \$65,441,000,000, a gain of \$10.1 billion, or 18 per cent over 1956. The organization of December purchases, however, showed a six per cent dip below the 1956 level at \$6.7 billion.

#### NOTICE OF PROPOSED EXECUTION OF SPECIAL WARRANT FOR VACANT LAND

STATE OF MARYLAND, ALLEGANY COUNTY, Md.

TO WHOM IT MAY CONCERN: By authority of special warrant dated the 20th day of January, 1958, out of the Land Office of Maryland, issued under the Upper Potomac River Commission, a public corporation, organized and existing under and by virtue of the laws of the State of Maryland, to survey one acre more or less of vacant land, situate, lying and being in the 8th Election District of Allegany County, State of Maryland, bounded and described as follows:

On the North by the land owned by West Virginia Pulp and Paper Company, on the East by the land called "Brick Yard," the patent for which was obtained by Howard B. Carroll and James Mullian; on the South by the land called "Millstead," owned by Edmund S. Getty; and on the West by the Maryland-West Virginia State boundary, namely, the low-water mark on the West Virginia side of the North Branch of the Potomac River.

The undersigned has been appointed a Special Deputy Surveyor for the purpose of executing the above mentioned special warrant. Notice is hereby given, in accordance with the provisions of Section 25, Article 34, of the Code of Public General Laws of Maryland, that I will be on the premises on the 10th day of March, 1958, at 10:00 A. M., and shall then and there proceed to survey the same, when and where you are hereby notified to be present if you so desire.

Your Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Thursday, January 30, 1958

MARCH 21 to APRIL 20 (Aries)—Use all your good theories and methods. Today promises benefit to those who study, educate, and improve. Personal interests should move forward.

APRIL 21 to MAY 21 (Taurus)—You Taurus folks are blessed with fine ideas. Study, educate, and improve. Personal interests should move forward.

MAY 22 to JUNE 21 (Gemini)—Caution urged in financial and business matters now; also in choosing associates. Domestic and artistic matters favored, however.

JUNE 22 to JULY 23 (Cancer)—Hold back some of your enthusiasm until you have thoroughly analyzed propositions put before you. Intelligent forethought and management will be needed now.

JULY 24 to AUGUST 23 (Leo)—A day where smart management and clever thinking will be needed. You can obtain real cooperation from everyone if you use gentle persuasion and don't force issues.

AUGUST 24 to SEPTEMBER 23 (Virgo)—Be steady, open-minded, and unprejudiced in favor of all deserving. You are keen, farseeing when you really stop to think and analyze. Today calls for such an attitude.

SEPTEMBER 24 to OCTOBER 23 (Libra)—Good Venue and Moon rays. You can make fine headway if you use good management and are tactful. Avoid extravagance, however.

OCTOBER 24 to NOVEMBER 23 (Scorpio)—Implement your ingenious plan in a worthwhile manner now. Don't procrastinate or overstep legitimate bounds, however.

NOVEMBER 24 to DECEMBER 23 (Sagittarius)—Quick changes made in work or other activities. Without sufficient thought NOT recommended. Artistic, skill in great favor, however.

DECEMBER 24 to JANUARY 20 (Capricorn)—Put off nothing that should or can be done now. Consistency, patience, definiteness in performance will bring pleasant surprises.

JANUARY 21 to FEBRUARY 19 (Aquarius)—Team up with the right forces now. Be understanding when others have "off" days or are in trying circumstances. Most of your faults and are few compared to your virtues. Do harm to no one, rather than others, on take heed: ELIMINATE them.

South Earns Top By Card Count

By OSWALD JACOBY  
Written for NEA Service

Here is another match point hand. South wanted a top score and decided to play the hand somewhat irregularly from the start.

He won the queen of spades with dummy's king and noted East's play of the eight. It looked like a singleton; not a come-one signal. Hence East was likely to be long in diamonds.

The jack of diamonds was led from dummy and allowed to ride. Now the four of hearts was played. East played the ten and South won with the queen. South cashed the ace of diamonds and noted the bad news there. West discarded the three of clubs.

The five of clubs was led and when West played the six dummy's king won the trick. The next play was the eight of hearts from dummy and East was in with the jack. He led the nine of diamonds and dummy's ten won the trick. South let a club go on that card and another club.

on the king of diamonds which was played next. Now South cashed dummy's ace of hearts and noted that the suit broke.

Now all South had to do to make his contract was to take his ace of spades and nine of hearts but as stated before South was after a deep score. He had decided early in the hand that East held only one spade. This meant that West had started with six. West was also marked with the ace of clubs and since he had played two small clubs, three hearts and a diamond West had to be down to that ace of clubs and spades only.

The deuce of clubs was led from dummy and West was in with the ace. He had to lead a spade whereupon South made both his ace and ten in addition to the heart.

Four no-trump was the top score that South wanted.

Q—The bidding has been: South West North East 1 ♠ Double Redbl. 2 ♥ ?

You, South, hold: ♠ A K 9 7 5 3 2 ♣ K 7 6 4 3 2 10 9 8 7 6 5 4 3 2 ♠ A 10 3 ♣ 9 8 7 6 5 4 3 2 ♠ A 10 3 ♣ 9 8 7 6 5 4 3 2

What do you bid? A—Three spades. You have no interest in doubling hearts but have great playing strength at spades.

TODAY'S QUESTION The bidding is as above but you are North and hold: ♠ A K 9 7 5 3 2 ♣ K 7 6 4 3 2 10 9 8 7 6 5 4 3 2 ♠ A 10 3 ♣ 9 8 7 6 5 4 3 2 ♠ A 10 3 ♣ 9 8 7 6 5 4 3 2

West passes after your partner's three-spade bid. What do you, North, do now?

Sailing Ships No Longer Being Used

MONTREAL (AP)—Capt. Fred Wallace, vice-chairman of the Montreal chapter of the World Ship Society, says sailing vessels have outlived their usefulness as training ships for seamen. Britain, he told the society's annual meeting, now has no sail-rigged training ships.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## Five Missing On Chartered Plane Trip

Former Charleston Attorney And Family On Way From Florida

CHARLESTON, W. Va. — A former Charleston attorney, his mother and possibly three other persons were believed to have been aboard a missing chartered plane en route to Charleston from Florida.

The plane was believed to have been carrying Beverly L. Michie, 48, former Charleston attorney now of Bradenton, Fla.; his mother, Mrs. Bertha E. Michie, and three others.

Relatives were not certain whether Michie's son was in the party, or even whether there were as many as five persons at all on the plane. There was some speculation that the chartered plane carried two pilots and a nurse.

The search was continuing in mid-morning.

Michie left Charleston some three years ago because of his wife's health, abandoned his law practice and entered the hardware business at Bradenton. His wife subsequently died there.

The last radio check with the pilot was at 6 p.m. yesterday when he told the Kanawha Airport tower he was flying at 9,000 feet, didn't know his location, and had fuel for only 23 minutes of flying.

Japan imported more cotton in 1957 than at any time in the past twenty years. The import total was 2,376,000 bales.

## Births

DORSEY — Mr. and Mrs. Carl W. Springfield, W. Va., a daughter yesterday in Memorial Hospital.

FELKER — Mr. and Mrs. Charles L., 529 North Centre Street, a daughter yesterday in Memorial.

The leading roles will be as follows: Carole Ranson as "Penelope Sycamore;" Sue Deetz, "Essie;" Nancy Taylor, "Rheba;" Jack Ewald, "Paul Sycamore;" Fred Widmyer, "Mr. DePenna;" William Harden, "Ed;" Joy Lauer, "Alice;" James Mullin, "Tony Kirby;" and William Sitter, "Boris Kolonkhov."

Others in the cast are Brent Stine, David Zais, David Stouffer, Sylvia Carolan, Greg Caswell, Donna Lease, James Kaufman, Willard Martz, Richard Twigg and Marlene Brings.

The Pulitzer Prize play will be presented February 21 in the high school auditorium.

## Melting

Evidence indicates that the Greenland ice cap is melting, but the process is so slow that it will require at least 50,000 years.

There are about 60 mink ranches in Nova Scotia. The 50,000 animals raised in the province comprise a \$500,000 a year industry.

## Bus Driver Dies In Crash On Turnpike

Thirteen Persons Injured As Vehicle Rams Into Trailer

EPHRATA, Pa. — A bus driver was killed and 13 persons injured today when an eastbound bus collided with a large steel-laden tractor-trailer on the Pennsylvania Turnpike.

Police said the Greyhound bus struck the rear of the tractor-trailer seven miles west of the Reading-Lancaster interchange on the toll highway.

The body of the bus driver was jammed in the wrecked bus for an hour after the crash, shortly after 4 a.m.

The bus driver was identified tentatively as James M. Bennett, 36, Merchantville, N.J.

The crash today was the second major accident involving a bus on the Pennsylvania Turnpike this month. Three persons died as the result of the crash of a transcontinental bus on the toll road Jan. 13.

In the earlier crash, the bus skidded on the ice-covered highway near Bedford in Western Pennsylvania, struck a concrete bridge abutment and ripped in half.

## Officer Held On Bribe Count

BALTIMORE — Ernest J. Mooney, suspended Baltimore police officer, was awaiting grand jury action today on charges of extortion and accepting a \$15 bribe. The 25-year-old Negro patrolman was suspended yesterday after plainclothes policemen arrested him. Mooney was charged with verbally threatening two persons with a crime of an indictable nature unless they paid him \$15.

Mooney pleaded guilty in Police Court and was held in a total of \$2,000 bail for the grand jury.

## School Fund Needs Up In West Virginia

Some Counties Would Lose State Aid Share Under New Program

CHARLESTON — The Public School foundation program put before the Legislature yesterday would cost \$208,460 more than that for the current year.

The increase would result from enrollment gains, higher certification for teachers and bigger transportation expenses.

The program would come to \$73,003,130 for the next fiscal year. The exact amount will be contingent upon the legislative appropriation for state aid and possible revisions in county enrollment and other figures used in the complicated county-by-county and total formula.

Under the program, introduced yesterday, 29 counties would lose state aid in the next fiscal year and 26 would gain.

The state aid total shows a gain of \$800,000 over this year and comes to \$57,399,839. Of this, about six million would go for a teachers' salary increase provided by the 1956 Legislature and outside the county-by-county formula.

Instructional costs would make up \$47,670,752 of the total foundation amount, with transportation at \$5,323,418; current expenses \$15,889,690; and general improvement, \$4,519,270.

Counties would be held responsible for about 22½ million of the total. This would represent 47½ per cent of their tax potential from non-utility property for schools and 97½ per cent of tax potential from public utility valuations.

Some of the tentative county state aid figures are: Logan, \$2,607,168 (up \$99,682); Marshall, \$816,530 (down \$6,492); Brooke, \$516,717 (up \$19,161); and Hancock, \$521,100 (up \$23,505).

Paul V. McNutt was the first U. S. ambassador to the Philippine republic.
